

Ethan at 0422. B█████ stated she tried calling Maddie, Kaylee, and Xana several more times once D█████ got into her room.

B█████ told me when she went to bed she remembers most of the lights being left on inside the house.

B█████ told me after trying to contact the other roommates she fell back to sleep and then woke up at around 0730 and tried calling her Dad about her tooth. B█████ called her Dad again at 0800 but there was no answer, her house at 0801 with no answer, and then called her Mom at 0802 and he answered and asked to talk to her dad. Her dad called back at 0809 and he talked to him and eventually took Advil for her tooth. B█████ then fell back to sleep. B█████ woke up at around 1100 hours and noticed no one else in the house was up. B█████ stated she knew this because Xana's Snapchat location was not on and it should have been. B█████ and D█████ got scared because they should have been up. B█████ then called her friend J█████ and told her she and D█████ were scared and asked if she would come and get them. D█████ then called E█████ and asked her to come over. D█████ and B█████ knew E█████ was with H█████ so they knew he would come over with her.

H█████ arrived at the house and came through the front door. H█████ went up the stairs first and when she and D█████ went up the stairs H█████ turned around and told D█████ and B█████ to get out of the house and to call for help. B█████ stated she could see Xana on the floor of her bedroom. B█████ said Xana was wearing underwear and a sweatshirt. B█████ stated the door was partially open but stated the door should normally would be closed. B█████ called 911 and was trying to talk to the dispatcher but was having a hard time talking. B█████ had to give the phone to her friend J█████ so she could talk to the dispatcher.

I asked B█████ if she has ever seen Xana on the floor like she did that morning. B█████ told me she has never seen this but has heard Xana would pass out on the floor in the past when she is highly intoxicated. B█████ told me H█████ went back into the house. B█████ could not remember if J█████ and E█████ went into the house. B█████ told me she believed H█████ grabbed a knife from the kitchen when he went back into the house.

B█████ stated the police arrived as she was still on the phone and she disconnected with dispatch.

B█████ did not provide any further information related to this incident.

Mogen property release; Capt. Berrett

On the morning of 01/02/2023, I received a call from K [REDACTED] I [REDACTED] that her [REDACTED] T [REDACTED] C [REDACTED], was driving to Moscow to retrieve [REDACTED], Madison Mogen's car and personal belongings. I e-mailed I [REDACTED] a property release form, she signed it and sent it back.

On 01/02/2023, at about 1044 hours, I received a call from C [REDACTED], indicating he was on his way to Moscow. I met C [REDACTED] at the Moscow City Shop at approximately 1300 hours. C [REDACTED] collected Madison Mogen's personal belongings consisting of 7 boxes, one tote and a suitcase / bag. Two of the boxes were flat and contained a mirror and other items.

C [REDACTED] and his associate, J [REDACTED] M [REDACTED], put Mogen's car on a flat bed trailer to tow home. C [REDACTED] signed for the items, and I took a photo of the release along with his driver's license.

Narrative:

Supplemental - Lanier, Disaster Services response.

On December 30, 2022 at approximately 0845 hours, Disaster Services responded to 1122 King Rd. to being cleaning the residence of biohazards and other chemicals used during the crime scene processing. This was a pre-arranged response. As members of Disaster Response were setting up their tents and barriers I received a call from Latah County Prosecutor Bill Thompson. Mr. Thompson advised me that a judges order had just been issued requesting all mitigation and clean up be halted immediately.

At that point I instructed the Disaster Services crew members to stop. I confirmed that the door to the residence had not been opened and no one had entered the residence yet. I checked the evidence tape on the door to ensure the seal had not been broken. I stood by while all of the equipment was loaded back into the response trailer and the entire team left the area. I returned the scene back over to the Northern States Security guard and replaced the barricade tape across the parking area entrance. I left the scene at that time.

Transportation of DNA profile to Othram, INC in Houston Texas - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

none

3. Narrative

On November 21, 2022, I traveled from Moscow Idaho to Meridian Idaho to drop off evidence at the Idaho State Police Forensic Laboratory located at [REDACTED] Meridian Idaho.

After getting evidence checked into the lab I signed for a DNA profile which had been generated by the ISP Forensic Lab. This DNA profile was collected from a knife sheath which was found by ISP investigators from District 2 during the initial search of 1122 King Road on November 13th. The sheath had been transported to the lab by ISP troopers.

The DNA profile was stored in a vile which was then packaged in an evidence envelope by ISP lab technicians and properly sealed with evidence tape. I signed the package showing I was taking possession of it on 11-21-22 sometime between 1630 and 1700 hours Mountain Time. Once I took possession of the DNA profile it stayed in the box provided to me by the ISP lab until 11-22-22 at around 0330 hours when I removed it from the box and placed it in small backpack. The backpack then stayed in my possession. The only time it was not physically holding the backpack was when I went through TSA security at the Boise Airport. I was able to see the backpack as it went through the security system and subsequent check of my carry on by TSA security. The envelope the DNA sample was in never left the backpack at anytime during the security check by TSA.

I arrived in Houston Texas at around 1400 hours Central Time. I traveled to Othram, INC which is located at [REDACTED] in Woodlands

Texas. I arrived at Othram at around 1510 hours. I handed the envelope with the DNA profile to a J [REDACTED] F [REDACTED], employee for Othram. We completed the Chain of Evidence paperwork both on the envelope and also on a form provided to me by Othram. I have burned all of these files onto a DVD which was booked into evidence.

KohbergerGmail Warrant Service

Case # 22-M09903
Date: 1/4/2023

On January 3, 2023, I applied and was granted a warrant for data related to the email address of [REDACTED]@Gmail.com.

On January 3, 2023, at approximately 1517 hours, the warrant was served via the Google Law Enforcement Portal locate at <https://lers.google.com>.

On January 4, 2022, I received an email from Google stating the data requested pursuant to the warrant was available. I logged into the Google LERS portal and the files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Google ([REDACTED]@google.com), as this was the originating email address associated with the documents.

The data will be examined at my earliest convenience.

Towing of vehicles and removal of ECU's - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

Item #272 ECM for Jeep Wrangler

Item #273 ECM for Ford Explorer

Item #274 ECM for Chevy Cruz

3. Narrative

On November 29, 2022 I was tasked with having 5 vehicles from 1122 King Road moved to the City Shop located on North Van Buren. [REDACTED] towing was the only vehicle able to accommodate the towing of the vehicles. I watched [REDACTED] hook up to each vehicle and I then followed each vehicle from 1122 King Road to the City Shop.

On 11-29-22, I meet with D [REDACTED] A [REDACTED], FBI DFE agent out of Salt Lake City. I assisted Agent A [REDACTED] with removing the ECU from the Jeep Wrangler belonging to Ethan Chapin. After the ECU was removed I took possession of it and booked it into property.

On 11-30-22, Ofc. Aaron Morris was with Agent A [REDACTED] when he removed the ECU's from a Ford Explorer, belonging to Ethan Chapin, and a Chevrolet Cruz, belonging to Madison Mogen. Ofc. Morris took possession of the ECU's and I assisted him with booking them into property.

The ECU's were then shipped to Salt Lake City so the FBI could retrieve data from them. Once they were done they shipped the ECU's back to the PD.

I received a large package around December 22, 2022. I opened the package on 12-27-22 and found 3 ECU's in the box. We were told Agent A [REDACTED] would not be able to come back to Moscow for several weeks to reinstall the ECU's.

I contacted K [REDACTED] R [REDACTED], [REDACTED] Fleet supervisor. I asked R [REDACTED] if he and his mechanics could reinstall the ECU's and he told me he could. I provided him with the ECU's and they had them installed the same day.

Transport of deceased to [REDACTED] - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

none

3. Narrative

On November 13, 2022, I was at 1122 King Road assisting with a Homicide investigation and search warrant at the address. [REDACTED] was called to remove the 4 deceased and then transport them to Spokane for autopsies to be performed. At around 2128 hours, I had Ofc. Jay Waters follow [REDACTED] when they transported Xana and Ethan from 1122 King Road to their facility. I had Ofc. Waters stay at [REDACTED] with Xana and Ethan so they could return and transport Kaylee and Madison. I followed [REDACTED] from 1122 King Road back to their facility after they collected Kaylee and Madison.

Once at [REDACTED] I watched P [REDACTED] H [REDACTED], [REDACTED], [REDACTED], place name tags on the 4 deceased along with corresponding numbers to help identify them. I then placed evidence tape on the body bags sealing the bags up until they arrive in Spokane and the autopsies can be completed. I photographed the evidence tape and I have burned these photos onto a DVD which was booked into evidence. I then saw P [REDACTED] place the 4 deceased into a cooler located in his facility.

Elan Warrant Service

Case # 22-M09903
Date: 1/4/2023

On December 22, 2022, I applied for and was granted a warrant for financial records from Elan Financial Services for Kaylee Goncalves. A PlFCU debit card was found with Goncalves' name on it in her residence. The warrant was requested to see if any financial transactions could be located showing evidence in her murder. FBI SA Douglass assisted in the service of the warrant to Elan Financial.

On December 22, 2022, at approximately 1825 hours, the warrant was served via email to [REDACTED]@usbank.com.

On January 5, 2023, I received an email from SA Douglass providing the data requested pursuant to the warrant. I downloaded the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Elan ([REDACTED]@usbank.com), as this was the originating email address associated with the documents.

In examining the data, it appeared the account was registered to I [REDACTED] I [REDACTED], Kaylee Goncalves' [REDACTED].

Extreme Network Warrant

Case # 22-M09903
Date: 1/5/2023

On December 12, 2022, I applied for and was granted a warrant for Extreme Networks to assist in unlocking a laptop located in the residence located at 1122 King Road. The laptop was being used by Kaylee Goncalves as a paid employee of Extreme Networks. The warrant requested permission for Extreme Networks to unlock or provide a password for the laptop.

Sgt Neil Uhrig assisted in the forensic examination of the laptop. I forwarded the warrant to Sgt Uhrig who then served the warrant on December 12, 2022, at approximately 1519 hours via email to [REDACTED]@hupd.harvard.edu.

On December 14, 2022, Sgt Uhrig received an email providing the encryption key for the laptop. This allowed the data from the laptop to be forensically acquired and examined by Sgt Uhrig.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was emailed to Extreme Networks ([REDACTED]@hupd.harvard.edu), as this was the originating email address associated with the warrant.

Narrative:

Interview with Bryan Kohberger's neighbor, F█████ A█████ and A█████ A█████,

On December 30, 2022, at approximately 0630 hours, I stood by while a search warrant was served at ██████████, the residence of Bryan Kohberger. While on scene one of the neighbors A█████ A█████, who lived in the same building, stated her husband returned home and he might have additional information to add regarding Bryan. A█████ had been interviewed earlier in the day by several FBI agents, prior to F█████ returning home. Det. Mowery and I met with A█████ and F█████ A█████ in their apartment, ██████. I recorded the conversation with my phone and informed F█████ and A█████ I would be recording our conversation, which they were fine with.

A█████ said she had been speaking with F█████ about the questions she was asked, one questions being if she had ever seen Bryan with anyone else. F█████ told me they did remember a time when they returned home and said they saw Bryan sitting on the stairs, leading up to his apartment, next to a male. F█████ and A█████ described the male as having light brown skin, a sleeve tattoo on his left arm, wearing a sleeveless shirt and shorts. F█████ said the male was riding a dark color (blue or black) Harley type motorcycle. F█████ said the motorcycle was not a sport bike and was very loud. F█████ said he and A█████ both noticed Bryan and the male talking but said as they got closer both Bryan and the male stopped talking and looked at them. A█████ said Bryan acknowledged them and asked how it was going. A█████ said it seemed as if Bryan was acting overly nice. A█████ and F█████ said when they walked away, to their apartment, Bryan and the male were still silent and did not continue their conversation. F█████ said he saw the male get up and heard the motorcycle start but did not see him drive off. F█████ and A█████ said this was the only time they ever saw this person and or saw or heard the motorcycle.

F█████ and A█████ said Bryan seemed like a quiet person and they remembered meeting Bryan's dad, when Bryan moved in. F█████ said Bryan's dad was very talkative. F█████ and A█████ said Bryan's car was always clean and neat, even on rainy days. A█████ said Bryan would often park his car right in front of their bedroom window and they would notice the headlights when he came and went. F█████ and A█████ did not notice when and if Bryan changed the plates on his vehicle.

F█████ looked through his phone and thought, on the night of the murders, he

probably went to bed around midnight. F [REDACTED] did not remember seeing lights from Bryan's car and or knowing if Bryan was home or not.

F [REDACTED] mentioned, on another occasion, seeing Bryan return home around 0100 hours, and said he was wearing dark clothing, had on a dark colored backpack, and when they said hi to him he seemed pretty short with them. F [REDACTED] did not remember what day this occurred but said it was not the night of the murders. A [REDACTED] said she worked late hours often and would also see Bryan returning home around the same time she would, around 0100 to 0200 hours.

We thanked F [REDACTED] and A [REDACTED] for their time and told them to contact us if they remembered anything else. Our conversation with F [REDACTED] and A [REDACTED] was recorded and is booked on a DVD into MPD evidence.

F [REDACTED] A [REDACTED] - [REDACTED]
A [REDACTED] A [REDACTED] - [REDACTED]

Interview with M [REDACTED] M [REDACTED] -#157

1. WatchGuard Event: Yes

Additional Responding Officers: None

Case number added to WG: 22-M09903

2. Evidence

None

3. Narrative

On November 23, 2022, at approximately 2039 hours, M [REDACTED] M [REDACTED] came to the Moscow Police Department to be interviewed about her presence in the area of 1122 King Road during the early morning hours of November 13, 2022. M [REDACTED] was identified as being in the area through records obtained from Doordash via a search warrant and was confirmed as being in the area based off a Google Geofence warrant which was obtained as a result of this investigation. I was accompanied by FBI Special Agent Alix Skelton during this interview.

M [REDACTED] told me she worked for twelve to eighteen hours on the night November 12th to the 13th and received three orders in the King Road/Queen Road area. Two of the orders were at the [REDACTED] Queen Road apartment complex which is immediately to the east of 1122 King Road. M [REDACTED] said the delivery at 1122 King Road was her final order for the evening. M [REDACTED] said she could not find the 1122 Kind Road address as the address number was hidden by the porch light which caused her to remain in the area for approximately fifteen minutes. M [REDACTED] also stated her Google Maps told her to go to the parking lot immediately behind 1122 King Road.

M [REDACTED] stated she initially parked in the front of 1122 King Road and could see a female in the top left window (the third story bathroom). M [REDACTED] said she saw the same female a couple more times in the same window and she would duck down when M [REDACTED] looked at her.

M [REDACTED] then said she drove to the back parking lot behind 1122 King Road and parked. She stated she could see the back "courtyard" area behind the house and

noticed all of the lights were on. M█████ stated her map told her to walk into the back of the house but she did not feel comfortable doing so because there was no path. M█████ said she started to walk down the road which runs north/south immediately to the east of the residence. M█████ stated a tan sedan drove next to her while she was walking.

M█████ said there was one male driver and noticed "he did not look at me". She said he looked "completely zoned" and just drove by her. M█████ later stated the driver was white with blonde or red spikey hair. M█████ also noticed the dome light in the car was on when it went by and later told me the male was wearing a light-colored collared shirt.

M█████ stated she walked back up to her car and drove back to the front of 1122 King Road, at which point she saw the address numbers. M█████ said she placed the order at the front door, took a picture, and then left at approximately 0400 hours.

During the time M█████ was in the area of the King Road Residence, the white Elantra can be seen via the █████ King Road Camera driving back and forth on Walenta Drive and then enter the King Road/Queen Road loop at approximately 0356 hours. At the point M█████ pulled into the front parking lot before she dropped the order off, the white Elantra pulled in behind M█████ vehicle (a gray Subaru Forester) and then exited the King Road at approximately 0358 hours. M█████ did not mention seeing the white Elantra behind her at any time.

I continued to question M█████ about her time near the residence. She told me she walked down Queen Road at one point with her flashlight out. M█████ can be seen doing so on the footage from █████ King Road. M█████ also continued to tell me the female she saw in the upstairs bathroom window would duck down when M█████ looked at her. M█████ described her as having long brown hair. M█████ stated she could not identify the girl as one of the victims.

Approximately thirty minutes into the interview, SA Skelton requested M█████ take part in a cognitive interview. M█████ agreed and SA Skelton began the cognitive interview. During this interview, M█████ confirmed much of the information she already told us. M█████ was able to remember she had her dog with her during one of her walks in the area but did not clarify much more in the ways of the details of the evening. We thanked M█████ for her cooperation, offered any support she may need, and concluded our interview.

Subsequent investigation of video footage and cellular data showed the "tan sedan" M█████ saw was likely a light-colored SUV which left the area. Moreover, it does not appear M█████ saw the white Elantra at any point during her time near the residence.

Kohberger Phone Data

Case # 22-M09903
Date: 1/10/2022

On December 29, 2022, based on the above information, the Latah County Court signed and order finding probable cause for the Criminal Complaint charging Burglary, Idaho Code 18-1401, 1403, and four counts of Murder in the First Degree, Idaho Code 18-4001, 4002, 4003, 4004, all Felonies. A warrant of arrest was issued for Bryan C. Kohberger.

On December 29, 2022, Bryan Kohberger was arrested at his family's home [REDACTED] in Albrightsville, Pennsylvania. That same day a Pennsylvania magistrate signed a search warrant for the residence which included Bryan Kohberger's cell phone. Bryan Kohberger's cell phone was taken into evidence as part of that search warrant. Kohberger's cell phone device is currently in evidence at the FBI - Philadelphia Regional Computer Forensic Laboratory (PHRCFL) located at [REDACTED]. The phone data was extracted by FBI SSA Jeffrey Tanzola subsequent to the warrant being served.

On January 9, 2023, I received a hard drive from SSA Tanzola, which contains a copy of the data extracted from the phone belonging to Kohberger. The data is saved on a Seagate 2TB External USB Drive with serial number # [REDACTED] and is labeled as Philadelphia RCFL evidence # 00043447. I applied for and was granted a warrant seeking the evidence from the hard drive provided by Pennsylvania which contains a forensic image of Bryan Kohberger's phone which was stored in the secured computer forensics lab at the Moscow Police Department.

At 1550 hours on January 9, 2023, I served the warrant on the hard drive located in the forensics lab. Pursuant to the warrant I downloaded the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also left a copy of the receipt and warrant with the drive, which was placed back into

evidence.

I began examining the data for any accounts linked to the phone and Kohberger with other electronic service providers, such as Facebook, Snapchat, etc. I located the following installed applications, website history, screenshots and usernames/passwords associated with an electronic service provider:

YikYak
Linkedin
Reddit
Twitter
Tinder
Dropbox
Washington Trust Bank
Paypal
Youtube
TikTok/Musically
Amazon
VisaPrePaidProcessing.com
When2Meet
Activision
GroupMe
NetTeller
Hulu
Instagram
Facebook
PSECU
Spotify
Booking.com
Travelocity
Strava
NordVPN

These electronic service providers may be storing data relevant to the investigation, which may have been deleted from the device. I will be requesting assistance from the Latah County Prosecutor's Office to apply for warrants to these companies for any data from accounts related to the following identifiers located in the phone data:

[REDACTED]@gmail.com

[REDACTED]@gmail.com

[REDACTED]@desales.edu

IMEI [REDACTED]

I will complete a complete examination of the data at my earliest convenience.

Interview of E█████ A█████ #157

1. WatchGuard Event: Yes

Additional Responding Officers: NA

Case number added to WG: 22-M09903

2. Evidence

None

3. Narrative

On November 13, 2022 at approximately 1349 hours, I interviewed E█████ A█████ at the Moscow Police Department reference the quadruple homicide at 1122 King Road. I asked A█████ what her relationship to the victims was. She told me Kernodle was her best friend and the others were all her close friends as well. After I collected her information, I asked A█████ to tell me about her day on November 12, 2022.

A█████ stated she left the football game and then went to see friends of hers at an apartment near hers (█████ Taylor Avenue). A█████ stated she arrived at her apartment at approximately 2030 hours. A█████ stated she, J█████, H█████ J█████, and I█████ all went to sleep early the evening of November 12, 2022. A█████ stated they planned to go to the ██████ Lodge Party but did not end up going.

A█████ stated she and H█████ woke up at approximately 0100 hours and then stayed up watching TV until approximately 0300 hours, at which point they went back to sleep. A█████ stated she woke up at approximately 1030 hours on November 13, 2022. A█████ stated M█████ called her at approximately 1151 hours that morning and said "last night around four a.m. she heard and saw a man and she and E█████ were locked in their room sleeping" and added she wanted A█████ to come over to check the house because she was too scared. A█████ also said M█████ heard Goncalves scream and run up the stairs. A while later M█████ came out of her room and saw the man staring at her. A█████ stated the man didn't do anything to M█████. M█████ said she stayed locked in her room and heard the side door close, so she ran into E█████ room.

I asked A [REDACTED] if she asked M [REDACTED] why she didn't call anyone that night. A [REDACTED] stated M [REDACTED] told her it was because she was intoxicated and didn't want to believe what was going on. M [REDACTED] also told A [REDACTED] the man was wearing a mask and could only see his eyes and nose.

A [REDACTED] stated J [REDACTED] went over to the house just before her. When A [REDACTED] arrived, she stated she went upstairs but was stopped by J [REDACTED] who told A [REDACTED] she didn't want to see it. A [REDACTED] went back outside and officers responded.

I asked A [REDACTED] if anything seemed out of the ordinary from what she saw. She told me there was a large party at the house on Friday, November 11, 2022. A [REDACTED] stated the house was a mess due to the party.

A [REDACTED] also told me she saw a knife laying on the floor at the top of the stairs when she went inside. A [REDACTED] described the knife as a steak knife. It was later determined J [REDACTED] grabbed this knife when he entered the house. A [REDACTED] stated she remained outside after she walked out of the residence until law enforcement arrived. She also stated she then came to the Moscow Police Department to be interviewed.

I asked A [REDACTED] if she knew who would commit the murders. A [REDACTED] stated she did not know. A [REDACTED] added she and Kernodle were no longer [REDACTED] sorority members. I asked her if there had been any stalking behavior or recent suspicious circumstances. A [REDACTED] stated there had not been anything she could remember. She also stated there were no other conflicts with the other victims she knew of.

I concluded my interview with A [REDACTED] after collecting the information about her cell phone.

Interview with H [REDACTED] C [REDACTED] - 108

1. WatchGuard Event: Yes

Additional Responding Officers: no

Case number added to WG: 22-M09903

2. Evidence

none

3. Narrative

On November 13, 2022, at around 1419 hours, I conducted an interview with H [REDACTED] C [REDACTED] at the Moscow Police Department. H [REDACTED] [REDACTED], one of the victims.

H [REDACTED] is a student at the University of Idaho and is a member of the [REDACTED] Fraternity. H [REDACTED] lives at the fraternity. H [REDACTED] told me he and Ethan went to a formal dinner with their sister M [REDACTED] H [REDACTED]. M [REDACTED] is a member of the [REDACTED] Sorority. The formal was at around 1800 hours at Hunga Dunga. After the formal was over they went back to [REDACTED] Ethan, Xana, and H [REDACTED] were all hanging out in his apartment room at the [REDACTED] Fraternity. H [REDACTED] last saw Ethan and Xana at 2100 hours when he left his apartment to go up to the main lodge where the house party was at. H [REDACTED] returned at 2115 hours and Ethan and Xana were gone. H [REDACTED] stated he went to bed at around 2200 hours.

I asked H [REDACTED] if Ethan had any issues with anyone and he told me no. I asked H [REDACTED] if he knew if Xana had any issues with anyone and he told me no.

H [REDACTED] was not able to provide me with any further information.

Interview with J [REDACTED] I [REDACTED] - 108

1. WatchGuard Event: Yes

Additional Responding Officers: NO

Case number added to WG: 22-M09903

2. Evidence

no

3. Narrative

On November 11, 2022, at around 1427 hours. I conducted an interview on J [REDACTED] I [REDACTED] at the Moscow Police Department. J [REDACTED] told me she lives at [REDACTED] Taylor Ave [REDACTED], these apartments are referred to as the "Whites". J [REDACTED] stated she went to 1122 King Road in the afternoon of 11-12-22 and was hanging out with Xana. J [REDACTED] stated they all went to the "Whites" at around 1300 hours for different parties in the apartment complex. Ethan left to go to his sisters formal but J [REDACTED] was not sure what time that was at.

J [REDACTED] felt she got to Xana's house at around 1230 on 11-12-22. J [REDACTED] stated she saw Xana, Ethan, D [REDACTED], B [REDACTED], Kaylee, Maddie, C [REDACTED], I [REDACTED], I [REDACTED], and E [REDACTED]. J [REDACTED] told me she feels she last saw Xana and Ethan at around 1500 hours but was not sure. J [REDACTED] told me she got a text from Ethan asking for the snapchat for C [REDACTED] G [REDACTED] but she never sent it to him. J [REDACTED] did not know why Ethan wanted this information and stated as far as she knew they did not have issues with each other.

J [REDACTED] then told me where she had heard from others that Kaylee had seen some random guy behind the house when she took Murphy out to go pee. J [REDACTED] also heard of an incident where some random guy followed Kaylee around WinCo and followed her out of the store and she thought he tried to get into her car. J [REDACTED] was not sure for sure who she heard this from but either B [REDACTED] or D [REDACTED] could tell us more.

J [REDACTED] told me she knows Xana and Ethan do like to use Adderall when they drink but they did not know who they got it from or if they took any on 11-12-22.

J [REDACTED] was not able to tell me anything else related to the case.

Interview with A ■ W ■ - 108

1. WatchGuard Event: Yes

Additional Responding Officers: 2no

Case number added to WG: 22-M09903

2. Evidence

no

3. Narrative

On November 13, 2022, at around 1441 hours, I conducted an interview on A ■ W ■ at the Moscow Police Department. A ■ lives at ■ Queen Road which is in the area of 1122 King Road. A ■ was working at the U of I Football game and was at the game until around 2045 hours. A ■ did not have any interactions with any of the people who live at 1122 King Road.

A ■ saw and heard all the emergency lights and sirens and looked out and saw some of her friends standing outside with white blankets around them. A ■ went out and brought more blankets to the people outside to try and help.

A ■ told me a few weeks ago on October 14, at around 0100 hours, she heard what she thought was a male walk up to her door and try to open her door. A ■ stated she had her deadbolt and door were both locked.

A ■ told me she saw photos posted on Snapchat by Kaylee showing Kaylee and Maddie had been at the Corner Club and the Grub Truck.

A ■ was not able to tell me anything else about this case.

Collection of Items from 1122 King Road-#157

1. WatchGuard Event: No

Additional Responding Officers: Numerous ISP and FBI

Case number added to WG: NA

2. Evidence

Item 437 Night Stand
Item 438 Comforter
Item 439 Blue Blanket
Item 440 Pillows
Item 441 Mattress
Item 442 Bed Frame
Item 443 Mattress
Item 444 Bed Frame
Item 445 Pillows
Item 446 Shelf and picture
Item 447 Night Stand
Item 448 Pillows

3. Narrative

On January 6, 2023, I went back to 1122 King Road with several members of the Idaho State Police and the FBI in order to collect several pieces of evidence at the request of the defense counsel in this case.

Once on scene, we collected the mattress, bed frame, night stand, pillows and blankets from Kernodle's room. We also collected the mattress, bed frames (x2

folding frames), night stand, pillows and shelf from the east wall of Mogen's room.

The items were wrapped and transported separately back to the Moscow Police Department where they were placed on opposite sides of the MPD evidence bay. I completed the evidence involvement for each item and they were secured in the bay.

Interview with M█████ C█████-#157

1. WatchGuard Event: Yes

Additional Responding Officers: None

Case number added to WG: 22-M09903

2. Evidence

None

3. Narrative

On November 13, 2022 at approximately 1420 hours I interviewed M█████ C█████ at the Moscow Police Department reference the quadruple homicides at 1122 King Road. M█████ is Ethan Chapin's ██████ M█████ consented to a forensic search of her phone and I collected it from her.

I asked M█████ to tell me what her day looked like on November 12, 2022. M█████ stated she had her ██████ formal the night of November 12, 2022. M█████ stated she did not do much prior to the formal and then went to Hunga Dunga for the event at approximately 1900 hours. M█████ said she, H█████ C█████ and Ethan Chapin left the formal with several other friends at approximately 2000 hours. M█████ stated she was dropped off at her house as the group was planning to go to the ██████ lodge party. However, M█████ stated she did not go and remained at her sorority until H█████ called her the morning of November 13, 2022 at approximately 1230 hours.

M█████ stated H█████ told her to come to "Xana's" (1122 King Road) when he called her. M█████ said H█████ did not elaborate on why she needed to come to the house. M█████ stated H█████ J█████, H█████ C█████, E█████ A█████, J█████ (unknown last), H█████ and M█████ were all there when she arrived.

M█████ said someone told her when she got there that someone was in the house and "Ethan an Xana" didn't make it. M█████ told me Ethan, Xana and H█████ had been texting her the night prior asking her to come to the ██████. M█████ said she saw the texts once she woke up the morning of November 13, 2022. M█████ stated she did not go into the house that morning.

M[REDACTED] could not think of anyone who or any reason why someone would commit the homicides.

I concluded my interview with M[REDACTED] and advised her to reach out if she needed resources MPD could provide.

Interview with K [REDACTED] F [REDACTED] - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

none

3. Narrative

On November 14, 2022, at around 1552 hours, I called K [REDACTED] F [REDACTED] to arrange an interview with her. K [REDACTED] had already left Moscow and was heading to Southern Idaho to be with her family.

K [REDACTED] told me she had contact with B [REDACTED] and D [REDACTED] on 11-12-22. D [REDACTED] arrived at her residence at 2230 and B [REDACTED] arrived at her residence at around 2330 hours. K [REDACTED] lives at [REDACTED] Taylor Avenue. B [REDACTED] and D [REDACTED] were at her residence for 2 to 3 hours.

K [REDACTED] stated she walked them past the "Whites" sometime before 0200 hours but she could not positively tell me. K [REDACTED] stated she stayed on Taylor and then turned around and she was not sure what route they took home for sure but felt they kept walking west on Taylor toward King. K [REDACTED] stated there was a group of 3 or 4 other females with B [REDACTED] and D [REDACTED] at the time. K [REDACTED] did state she was drunk at the time and she could not recall all the events and everyone who was present with the group.

K [REDACTED] stated she thought L [REDACTED] M [REDACTED] was with the group.

K [REDACTED] was not able to tell me anything else.

Interview with E [REDACTED] G [REDACTED] - 108

1. WatchGuard Event: no
Additional Responding Officers: no
Case number added to WG: no
2. Evidence
no
3. Narrative

On November 14, 2022, at around 1710 hours, I contacted E [REDACTED] G [REDACTED] in the front lobby of the police department. G [REDACTED] had contacted Moscow PD earlier in the day and stated he is a local Uber driver and he gave Kaylee and Maddie a ride home on 11-13-22 from the downtown area. G [REDACTED] had been in the Spokane/Coeur d'Alene area when he contacted us and stated he would not be back until 1700 hours.

I asked G [REDACTED] how he knew Kaylee and Maddie. G [REDACTED] stated he drives for Uber and Lyft and Kaylee and Maddie have become some of his regular customers and this is how he meet them.

G [REDACTED] stated he was contacted by Kaylee on 11-12-22 at around 2202 hours and asked if he could pick her and some friends up at 1122 King Road and take them to the Corner Club. G [REDACTED] arrived at the address at 2015 hours and picked up Kaylee, Maddie, and one other female. G [REDACTED] stated at 0145 hours on 11-13-22 he was contacted by Kaylee again and asked if he could pick her and some friends up at the Grub Truck. G [REDACTED] arrived at the Grub Truck at around 0149 hours. G [REDACTED] took Kaylee and Maddie home, he stated it was a 3 to 4 minute drive from the Grub Truck to 1122 King Road.

G [REDACTED] told me he has been driving for Uber and Lyft since 2019. G [REDACTED] told me Kaylee has been a regular for at least the last year. G [REDACTED] stated he was working but Kaylee did not contact him through the Uber or Lyft app but instead texted him directly both times.

G [REDACTED] stated when he got to the Grub Truck he parked in front of the Grub Truck on Main Street facing south. G [REDACTED] texted Kaylee he was there and she stated they would be there in a second and said they were at order 75 and theirs was 78. Kaylee and Maddie came to the vehicle a short time later. Kaylee was in the front passenger seat and Maddie was in the rear seat. Maddie was eating the food from Grub Truck with her hands. They all had a casual conversation. G [REDACTED] stated they appeared to be fine and nothing appeared to be out of the ordinary.

G [REDACTED] stated he still had the texts on his phone and he sent screen shots to me. I burned those screen shots to a DVD and booked it into property at a later time along with other documents I had related to this case.

G [REDACTED] was not able to give me more information at that time.

4. Other

no

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Interview with D [REDACTED] -#157

1. WatchGuard Event: Yes

Additional Responding Officers: None

Case number added to WG: 22-M09903

2. Evidence

None

3. Narrative

On November 13, 2022 at approximately 1437 hours, I interviewed J [REDACTED] D [REDACTED] at the Moscow Police Department reference the quadruple homicides which occurred at 1122 King Road. D [REDACTED] was the [REDACTED]. D [REDACTED] consented to have his phone forensically searched and provided me with his cell phone at the beginning of the interview.

I asked D [REDACTED] to tell me about his day on November 12, 2022. D [REDACTED] stated he worked at [REDACTED] and worked from 1400 hours to 2210 hours on November 12, 2022. D [REDACTED] stated he left his work and dropped off some food for a friend working at the Corner Club. D [REDACTED] stated he went home ([REDACTED] King Road) then returned to the Corner Club around 2300 hours.

D [REDACTED] stated he saw Goncalves at the Corner Club and spoke to her briefly. D [REDACTED] stated he left the Corner Club but was unsure if Goncalves left before or after him. D [REDACTED] stated he went to bed when he got home. When D [REDACTED] awoke, he told me he saw "commotion down the street". 1122 King Road is visible from [REDACTED] King Road.

D [REDACTED] stated he later looked at his phone and saw several missed calls from Goncalves and Mogen from the early morning hours of November 13, 2022. I clarified D [REDACTED] timeline for the night prior. He told me he left the Corner Club at approximately 0100 hours and returned home. D [REDACTED] said he got a ride from P [REDACTED] R [REDACTED], the [REDACTED] of [REDACTED] (D [REDACTED] fraternity). He told me he thought he went to sleep at approximately 0130 hours and awoke at approximately 1130 hours on November 13, 2022.

I asked D [REDACTED] to tell me what the "commotion" was he mentioned. D [REDACTED] told me he saw law enforcement and emergency vehicles in front of 1122 King Road, so he walked over to see what was happening. I asked D [REDACTED] to clarify the missed calls he received early that morning. D [REDACTED] told me he received multiple calls from Goncalves and Mogen, one of which was Facetime, between 0240 to 0300 hours. D [REDACTED] stated he knew Mogen for some time but she would not call him for any reason. D [REDACTED] also said Goncalves text him to tell him he could come to her house to retrieve his vape pen.

I asked D [REDACTED] if he noticed or heard anything suspicious anytime recently. D [REDACTED] stated he saw a dark gold minivan backing up King Road approximately one to two months prior. D [REDACTED] stated he did not remember any other suspicious circumstances. D [REDACTED] did add Goncalves would call him on occasion when she was walking home alone or when "she was feeling sketched out". D [REDACTED] stated there were people coming in and out of 1122 King Road frequently and "more people knew the code to their door than they should have". D [REDACTED] stated he was not sure if the residents regularly locked the rear sliding glass door.

D [REDACTED] also told me he and Goncalves owned a dog, a Goldendoodle named Murphy, with Goncalves. He also told me Goncalves was taking the dog out sometime in the past when Goncalves saw a shadowy figure behind the house. D [REDACTED] stated nothing else came of the incident.

I asked D [REDACTED] about his relationship with Goncavles. He told me they had dated for approximately five years and broke up several months prior due to a "loss of spark" coupled with Goncalves leaving for a job in Texas. D [REDACTED] stated there wasn't conflict and the breakup was mutual. I asked D [REDACTED] if there was anyone who flirted with Goncavles. D [REDACTED] stated there was a male by the name of E [REDACTED] R [REDACTED] who often flirted with Goncalves. D [REDACTED] did not know of any past stalking incidents nor did he know who would have committed the murders.

I asked D [REDACTED] about his conversation with Goncalves at the Corner Club. He said the conversation was short but normal. D [REDACTED] did not have any further information for me during this interview, so I concluded my interview with D [REDACTED].

Investigation of Glove- #157

1. WatchGuard Event: No

Additional Responding Officers: None

Case number added to WG: NA

2. Evidence

None

3. Narrative

On November 24, 2022 I collected a black "Polar Penguin" glove from the parking lot of 1122 King Road. I conducted subsequent investigation by watching the BWC of OFC Nunes, the first MPD Officer on scene, and looking over the scene photos taken by the ISP Forensic Team. None of these sources showed the glove was present upon officer's initial response to the scene or during the processing of the scene on November 13, 2022. It is unclear where the glove came from at the time of this writing.

Trip to Boise with Evidence and retrieval of property from D [REDACTED] M [REDACTED] - 108

1. WatchGuard Event: NO

Additional Responding Officers: NO

Case number added to WG: NO

2. Evidence

no

3. Narrative

On January 6, 2023, at around 0710 hours I retrieved evidence from MPD Evidence Tech T [REDACTED] S [REDACTED]. I signed for the items and transported them to the Idaho State Police Forensic Lab in Meridian Idaho. Refer to Evidence Tech T [REDACTED] S [REDACTED] records for what specific items were transported. Once I arrived in Meridian I transferred the items from MPD to the ISP Intake receptionist. All items were signed for chain of custody.

I was then given several items the lab had tested and were able to be returned to MPD for storage. I signed for all items and completed the chain of custody paperwork on the bags.

Prior to coming back to Moscow I stopped at D [REDACTED] M [REDACTED] residence in Boise to retrieve the personal items which had been released to her [REDACTED] earlier in the week by accident. I packed these belongings into my vehicle and I returned to Moscow.

Once back in Moscow I booked all the evidence from the state lab back into property.

I left D [REDACTED] personal items locked in the vehicle I was driving and on 01-09-23 I transported these items to the City Shop and I placed them in a secure garage.

One item of note is as the items were being loaded into the vehicle I was driving, a Ford Fusion, we were able to get everything into the vehicle except a

small table. We attempted several times to get the table into the vehicle but it was not going to fit. D [REDACTED] [REDACTED] stated they did not care if the table was returned so she had her husband break the table and place it in the vehicle.

On a 01-10-23 I told Ann Taylor, Defense Council for the suspect, about why and who broke the table.

Assisted Defense Team with going through items at the Police Department and City Shop - 108

1. WatchGuard Event: no

Additional Responding Officers: no

Case number added to WG: no

2. Evidence

none

3. Narrative

On January 10, 2023 at around 1315 hours, I meet with Ann Taylor and her team at the Moscow Police Department. Taylor is the Defense Attorney for Bryan Kohberger. Taylor had arranged to go through the garbage sent to us from Pennsylvania by FBI investigators, items from Madison's room and Xana's room, two vehicles belonging to Ethan Chapin, and personal items belonging to Ethan, D [REDACTED], and B [REDACTED].

After looking at the garbage Taylor identified several items she felt we could discard since they contained perishable goods and they had started to spoil. We placed these items on shelf located in the north east corner of the storage garage at the police department. Taylor also identified several items she wanted us to keep until she saw reports of these items. Taylor was good with where we were keeping the mattresses, bed frames, night stands, shelf, and sheets from Madison's room and Xana's room.

I escorted Taylor and her team to the City Shop and they went through personal items were removed from 1122 King Road weeks earlier. These items belonged to B [REDACTED], D [REDACTED], and Ethan. When Taylor was done she identified several items she wanted MPD to hold and she was going to request an order from the judge to take these items and have them tested. These items were placed in cardboard boxes and placed away from the other items so they would not accidentally be released. Taylor and her team looked at both vehicles while at the shop.

Taylor stated she would contact Bill Thompson's office and would advise him when

she felt items could be released.

On 12/07/22 at approximately 10am, Lt. Mooney and I packed up personal belongings from Xana and Ethan's room and personal belongings from Madison's room.

Captain Lanier, Captain Berrett, Captain Dahlinger, Detective Vargas and Admin. Assistant K [REDACTED] P [REDACTED] helped box up personal items from the 1122 King Road residence.

Lt. Mooney and I wore protective gloves and shoe booties which were changed out after completion of Xana's room prior to going into Madison's room.

I then left the residence to rent a Uhaul truck. After loading the items into the truck I drove the vehicle to the secure storage garage at the Moscow City Shop. All listed above individuals unpacked the truck into the secured storage garage where they were kept prior to releasing them to family members.

Supplemental Report - Packing personal items at residence.

On December 7, 2022 at approximately 0945 hours I responded to 1122 King Road with other members of the command team to pack personal items of the residents who lived there. I worked with Det. Vargas and Admin Assistant K [REDACTED] P [REDACTED] to pack B [REDACTED] room which was on the first floor, east end. I primarily built boxes and packed up all of the clothes and shoes in the closet as well as a few bedding items.

The next room we worked on was a bed room not in use on the first floor, west end. In that room we packed a few misc. items, a computer, shoes, golf clubs and various items that were stored in the room and the owner was uncertain.

The last room we packed D [REDACTED] room on the second floor off of the kitchen at the bottom of the stairs. My role in that room was primarily taping boxes together then taping boxes shut and making them with D [REDACTED] name or the initial "D".

After completing the packing portion Chief Fry arrived with a U Haul van. I stayed in the back of the van and packed boxes as they were carried out from the residence by other team members. After the van was packed, I followed the van, driven by Chief Fry, in my patrol car to the city shop secure storage building. At that point all of the team members unloaded boxes and stacked them by room in the storage building then secured the door and left.

Phone Interview with K [REDACTED] and E [REDACTED] A [REDACTED] -#157

1. WatchGuard Event:No

Additional Responding Officers: No

Case number added to WG: NA

2. Evidence

None

3. Narrative

On 1/18/23 I spoke to K [REDACTED] A [REDACTED], E [REDACTED] A [REDACTED] reference a suspicious occurrence she and E [REDACTED] remembered at 1122 King Road. I called K [REDACTED] and asked her what she remembered. K [REDACTED] told me she came to Moscow to celebrate E [REDACTED] birthday on [REDACTED] 2022. Kaylee Goncalves had planned a party for E [REDACTED] at 1122 King Road that evening.

K [REDACTED] stated several people to include Goncalves and E [REDACTED], were on the back patio during the party. Goncalves' dog, Murphy, was also present. K [REDACTED] stated Murphy ran up into the bushes behind the house on several occasions and would not return when called. K [REDACTED] stated they called Murphy numerous times before he would come back. K [REDACTED] told me the group eventually went inside and shut the door. This was the only occurrence K [REDACTED] was present for but told me E [REDACTED] remembered more similar occasions.

I called E [REDACTED] on 1/19/23 reference these occurrences. E [REDACTED] also related the occasion on her birthday and added it was unlike Murphy to not immediately return home when called which is the reason she and Goncalves were concerned about someone being behind the house when Murphy would behave in this manner. E [REDACTED] told me about another occasion on 10/29/22 during which she was at 1122 King Road for a Halloween party. E [REDACTED] told me Mogen, Goncalves, Kernodle and Chapin were all present at the party. During the party, E [REDACTED] stated the group gathered on the back patio once again and Murphy began to run into the wood line behind the house and not come back. E [REDACTED] told me they "heard noises too". She described these noises as similar to what it would sound like if someone was moving through the woods on foot. This occasion took place midday and they did

not see anyone behind the house. However, Murphy's behavior and the noises caused them to go inside and close the door.

The last occasion E█████ remembered took place approximately two weeks prior to the homicides (E█████ was unsure of the date). E█████ stated Murphy displayed similar behavior of running into the woods and not coming back when called. E█████ also recalled an occurrence during this same time frame (exact date unknown) wherein she and Goncalves returned to 1122 King Road and found the rear sliding door standing open, and Murphy was missing. E█████ stated they had to go out and look for Murphy after they found the door open.

I asked E█████ if it was common for people who didn't live at 1122 King Road to walk in when no one was home. E█████ stated it was not uncommon and added members of ██████ and several friends of the females who lived there would come and go at will.

I thanked E█████ for her time and concluded our interview after advising her to call me if she remembered anything new.

Narrative:

Initial response; Capt. Berrett

On 11/13/22 at around 1200 hours, I received a phone call from Sgt. Gunderson, informing me his team responded to a call at 1122 King Road where they found four, deceased, college age individuals inside the residence. He said it was apparent they had all been murdered. Sgt. Gunderson said they did not know the location or identity of the suspect.

Sgt. Gunderson said his team had cleared the residence and secured the scene. He said they identified a group of college age individuals outside the residence and had started interviewing them.

I called Chief Fry, Capt. Lanier and Capt. Dahlinger to let them know about the homicide. I called Det. Sgt. Lawrence, told him about the homicide and asked him to call in detectives. Sgt. Lawrence said he would call in Sgt. Blaker and Cpl. Payne to assist as well, because they were slated to rotate into detectives soon. Sgt. Lawrence said he was also calling the Idaho State Police to ask the Region 2 detectives to process the crime scene.

I called B [REDACTED] E [REDACTED], U of I Dean of Students, and B [REDACTED] I [REDACTED] with U of I Office of Public Safety and Security to inform them of the homicide because the residence was near the U of I campus and the victims appeared to be college students.

When I arrived on scene, I met with Sgt. Gunderson and Sgt. Lawrence on the street in front of the residence. We briefly discussed the scene and I was given the names of the four individuals who were killed; Ethan Chapin, Xana Kernodel, Madison Mogen and Kaylee Goncalves. I was also told two of the witnesses outside, D [REDACTED] M [REDACTED] and B [REDACTED] F [REDACTED], were roommates and were apparently inside the residence when the incident occurred.

Sgt. Gunderson told me a dog was taken out of Kaylee Goncalves' room and transported to the humane society for safe keeping. He told me it didn't appear the dog had gone into the rooms where the murders were committed because it didn't have any visible blood on its body.

I contacted U of I Dean E [REDACTED], gave him the victims names and asked if he could verify if they were students. He contacted me later and confirmed all four were students, but didn't have any emergency contact information for them other than

their permanent addresses.

At 1304, the University of Idaho sent out a Vandal Alert via text message regarding the homicide.

At about 1330 hours, we moved the witness (who I believed were students) that patrol identified on King Road to the Moscow Police Department training room. I met with Sgt. Lawrence, Sgt. Blaker, Cpl. Payne and Det. Mowery and asked them to start interviewing each person.

I also met with C. E., U of I Associate Dean of Students, at the police department. I talked to her earlier about having the students come to the police department to be interviewed. E. had an assistant with her and they were there to comfort the students and be a resource if necessary.

While I was in the training room, I was told two of the witnesses were Ethan Chapin's M. and H. They told me their parents had been informed of Ethan's death and they were on their way to Moscow.

I asked Sgt. Lawrence to arrange death notifications for Kaylee Goncalves and Madison Mogen's parents. He later informed me a Kootenai Deputy went to the Goncalves home to notify them of Kaylee's death and they had already been made aware.

Capt. Dahlinger told me he met Xana Kernodle's father, J. on scene. Capt. Dahlinger said he asked J. to meet him at the police department where he informed him of Xana's death.

Sgt. Lawrence said a Coeur d'Alene officer went to S. and K. I. house to notify them of Madison Mogen's death; K. is Madison's Sgt. Lawrence was informed that the I. had been informed and were already on their way to Moscow. When the I. arrived at the police department I did the death notification and asked Sgt. Lawrence to interview them.

At around 1415 hours, I met with President S. G. and his staff in his office on campus. I told them about the homicide and that the suspect's location and identity remained unknown.

I returned to the police department and J. D. approached me asking if I could release the dog, Murphy, to him. He said he and Kaylee Goncalves both owned the dog. At that point I was busy working with detectives and administration and didn't release the dog.

I talked with Cpl. Payne who had interviewed J. D. He said D. had been in a relationship with Kaylee Goncalves, indicating they broke up a few months ago. Cpl. Payne said D. told him, he and Goncalves remained friends after the break up. I asked about the dog that had been removed from the residence and taken to the animal shelter. Cpl. Payne said D. told him that he and Kaylee both owned the dog.

Later that afternoon, D. approached me again and asked if I could release the dog to him. I called Capt. Lanier, who was with Sgt. Gunderson outside 1122 King Road. Capt. Lanier confirmed with Sgt. Gunderson that they understood D. co-owned the dog and the dog was taken to the animal shelter for safe keeping. I was told the dog was uninjured and didn't have any blood on it.

I agreed to release Murphy to D [REDACTED] because it was my understanding we had only taken the dog into custody for safe keeping and he was an owner. I asked to have a patrol officer meet D [REDACTED] at the animal shelter to release the dog.

I continued to work with detectives and command staff for the rest of the day.

Friends and Family Area Canvass:

On November 20, 2022, multiple friends and family of the victims gathered in Moscow, organized into several groups, and canvassed several areas in Moscow for possible evidence.

I was contacted by several people, from the groups, when they located something of interest. I met with the groups and photographed and collected the following items:

- A clear food service grade plastic glove, located at the top of the hillside, to the west of the walking path in between Nez Perce and the U of I Administration building.

Just down from where this plastic glove was located was a large, beige, metal Generac generator box. There was a plastic bag, inside of the box, which looked like it had white grease rags inside of it. I photographed this item and did not collect it.

- A light pink/beige pair of women's underwear, Warners brand. This was located in a juniper shrub by the Shattuck Amphitheater in the Charles Houston Shattuck Arboretum.

- A black winter glove, one size fits all. This items was located near the steps which lead from Memorial Gym parking lot 39 up to the tennis courts.

The items I collected were transported to MPD, stored in a temporary storage in Detectives so they could dry, and were later booked into MPD evidence.

One group located what they believed to be blood spots on several rocks in the Arboretum and Botanical Garden, near the gathering place on the north side near the kiosk. Det. Talbott, with ISP, tested the spots and determined they were not blood.

One group located what they believed to be blood on the stairs at building 5 at the Grove Apartments. Det. Talbott determined this was not blood.

The photos I took were copied to a DVD and booked into MPD evidence.

Detailed information about Kaylee Goncalves' dog during initial response - #113

1. WatchGuard Event: N/A

Additional Responding Officers: N/A

Case number added to WG: Previously labeled

2. Evidence

N/A

3. Narrative

On 11/13/2022, at approximately 1205 hours, I arrived at 1122 King Rd. reference an unconscious subject. It was quickly determined the scene was likely a quadruple homicide based on our observations. When I arrived on the third floor to assess the scene, I noticed a medium sized curly haired tan dog on the bed inside the western third floor bedroom (later identified as Kaylee Goncalves' room). The dog appeared timid/scared and didn't react to our presence. Due to the chaos surrounding the scene, my initial concern was preserving the scene. As part of that process, I asked one of the officers to shut the door, so the dog did not attempt to jump on the bed with any of the victims.

After the area was cordoned off and the area was secure, Cpl. Snyder began taking photos the scene. At some point prior to this process, the dog moved from the bed to under the desk in Kaylee's room.

After photos were completed I asked LCSO Deputy Olson to respond and assist by taking the dog to the Humane Society of the Palouse for safekeeping. I collected the dog from under the desk. The dog was timid and took some coaxing to move from under the desk, but did not appear to have any obvious injuries or stains on it's body or paws. Due to the amount of blood inside the bedrooms where the victims were located and the lack of blood on or around the dog, I don't believe the dog was on or around the victims. I walked the dog to the front door, where Ofc. Warner was stationed, and asked him to hold onto the dog until Dep. Olson arrived. A short time later, Dep. Olson arrived. I walked the dog from Ofc. Warner to Dep. Olson, who was standing in the street. At my request, Dep. Olson transported the dog to the Humane Society of the Palouse. I asked Dep. Olson to

write on the intake sheet for the Humane Society to not release the dog to anyone unless the MPD gave approval first.

After I released the dog to Dep. Olson, I resumed managing the scene until I was relieved by the Detective Unit.

4. Other

I did not take any photos of the dog specifically during my response to the scene. Some of the photos taken by Cpl. Snyder (evidence Item #1) have the dog in the background. The dog can also be seen on my BWC.

In reviewing Ofc. Nunes BWC of his initial response and clear of the residence, the door to Goncalves' bedroom was open upon his arrival and the dog was laying on the bed.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

UofI Video

Case # 22-M09903
Date: 1/24/2023

On January 11, 2023, I met with K [REDACTED] N [REDACTED], General Counsel for the University of Idaho to facilitate the download of video footage from the campus security cameras. I previously spoke with D [REDACTED] L [REDACTED], Director of Infrastructure Services, who had preserved videos to be reviewed for any evidence related to the quadruple homicides at 1122 King Road on November 13, 2022. I provided the university with a storage device capable of storing large amounts of video.

On January 18, 2023 I received a message stating the transfer of the videos was complete and the storage device could be picked up. On January 23, 2023, I retrieved the storage device from N [REDACTED] and returned it to the Moscow Police Station where a copy of the data was transferred to the server in the secure computer forensic lab. The files were verified by hash value to ensure bit for bit copying was completed.

Financial Warrants 1

Case # 22-M09903
Date: 1/24/2023

On November 19, 2022, I applied for and was granted several warrants for financial institutions who serve the Moscow, Idaho region. Forensic Account M [REDACTED] with the Federal Bureau of Investigations assisted in the production and service of the warrants. The warrants were approved for the financial records associated with:

Ethan Chapin, DOB [REDACTED]/2002, SSN [REDACTED]
Madison May Mogen, DOB [REDACTED]/2001, SSN [REDACTED]
Xana Alexia Kernodle, DOB [REDACTED]/2002, SSN [REDACTED]
Kaylee Jade GonCalves, DOB [REDACTED]/2001, SSN [REDACTED]
L [REDACTED] A [REDACTED] M [REDACTED], DOB [REDACTED]/2002, SSN [REDACTED]
B [REDACTED] G [REDACTED] E [REDACTED], DOB [REDACTED]/2003, SSN [REDACTED]
D [REDACTED] M [REDACTED] M [REDACTED], DOB [REDACTED]/2003, SSN [REDACTED]

And any video surveillance pertaining to account transactions of the previously mentioned from the following financial institutions:

Bank of America
ATTN Legal Order Processing
[REDACTED]
Newark, DE 19713

The warrant was served on November 21, 2022 via FedEx. FA D [REDACTED] reported the data requested pursuant to the warrant was received on December 6, 2022. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were complete and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to Bank of America at [REDACTED]@bofa.com, as this was the originating email address associated with the documents.

Block, Inc (Square, Inc - Cashapp)

ATTN Compliance Department

[REDACTED]
San Francisco, CA 94103

The warrant was served on November 19, 2022 at approximately 2152 hours via email to [REDACTED]@squareup.com. FA D [REDACTED] reported the data requested pursuant to the warrant was received on November 20, 2022. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were complete and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@squareup.com, as this was the originating email address associated with the documents.

Paypal/Venmo

ATTN Global Asset Protection Team

[REDACTED]
San Jose, CA 95131

The warrant was served on November 19, 2022 at approximately 2127 hours via email to [REDACTED]@paypal.com. FA D [REDACTED] reported the data requested pursuant to the warrant was received on November 21, 2022. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were complete and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@paypal.com, as this was the originating email address associated with the documents.

Umpqua Bank

[REDACTED]
Moscow, Idaho 83843

The financial warrant and the video surveillance warrant were served on November 22, 2022 at approximately 1312 hours via email to [REDACTED]@umpquabank.com. FA D [REDACTED] reported the data requested pursuant to the warrant was received on November 23, 2022. The data files were downloaded to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were complete and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to Umpqua at [REDACTED]@umpquabank.com, as this was the originating email address associated with the documents.

Video collection and tips, D. Vargas MPD 124:

TIPS PROVIDED:

On November 17, 2022, Det. Chris Engle with PPD provided me with an e-mail, with information regarding several Pullman Home-Invasions involving a possible suspect of J. A. C. (). I forwarded this e-mail to the FBI/Moscow tipline to be assigned and followed up with.

On December 13, 2022, I saw an article online of the recent arrest of S. H. in . H. was arrested for stabbing multiple people at a casino in and fled the area in a white sedan. I reached out and spoke with Det. M. A. with County SO. Det. A. provided me with the description of the suspect vehicle and the weapon which was used in this offense.

Det. A. also stated the sheath for the knife was located on the passenger seat of the suspect vehicle. I determined this person was not involved in our incident and told Det. A. I would not need any further information regarding their incident.

Around December 15, 2022, I received a phone call from Det. F. from County Sheriffs Office with information on an abandoned 2016 white Hyundai Elantra which was located in County near a residence. I called Det. F. back and he provided me with the plate: , which is registered to C. C., out of . Det. F. stated there was a past contact at the residence where this vehicle was seen parked involving a relative of C., F. F. C. and R. I. S. Det. F. sent me a photo of the vehicle which I determined did not match the suspect vehicle description. Sgt. Blaker also had received this tip from Det. F. and spoke with him.

VIDEO OBTAINED AND DOWNLOADED TO MPD EVIDENCE:

On November 15, 2022, I called K. F., the property owner for Linda Ln. and asked about video footage he has on the property. F. stated he did have video and later sent me an e-mail with a direct login to his

drive to MPD which contained video footage from their Nest cameras. A white sedan, matching the description of the suspect vehicle, is seen traveling west on Indian Hills Dr. and passes by [REDACTED] Indian Hills Dr. on 11-13-2022 at approximately 0325 hours.

Around the end of November and the beginning of December 2022, Det. Chris Engle, PPD, provided me with the following videos from several Pullman businesses:

On December 2, 2022, Det. Chris Engle provided me with the contact information for the [REDACTED], [REDACTED] Pullman, WA. I reached out to the Corporate Security Head, M [REDACTED] G [REDACTED], and he stated we could come to the branch in Pullman and view the video on site to see if it would be of any evidentiary value, prior to requesting a search warrant to obtain the video. FBI R [REDACTED] E [REDACTED] made arrangements to view the available video at [REDACTED] [REDACTED]. FBI R [REDACTED] called me and told me he viewed the available video and did not locate anything of evidentiary value.

On January 3, 2023, K [REDACTED] I [REDACTED], Pullman PD Records Specialist, sent me a link to PPD evidence.com and shared all videos and photos for two PPD cases, [REDACTED] and D [REDACTED]. [REDACTED] was a found Buck Knife in a sheath located on Terre View in front of the WSU Technology Research Park on 12-29-2022. The photos for this case are attached in Spillman to the original call and I did not download the photos from PPD evidence.com. [REDACTED] was a hit and run/DUI accident at [REDACTED] which occurred 11-12-2022 at approximately 2340 hours. This location is on the same road leading to Kohberger's apartment complex. Multiple officers responded to this location and remained on scene for several hours with their in car cameras and body cameras capturing video. The videos span from 11-12-2022 at 2341 hours to 11-13-2022 at 0325 hours. The suspect vehicle was located on WSU Greek Row and officers responded to that location as well. C [REDACTED] E. F [REDACTED], the owner of the suspect vehicle, was contacted and arrested for this offense and booked into the Whitman County Jail. While reviewing the photos located on Kohberger's phone, I found a screen shot of F [REDACTED] Whitman County booking information taken from the Whitman County Jail Roster, last modified date, 11-13-2022 at 06:27 PM. I downloaded all of the videos from PPD evidence.com, regarding [REDACTED], and will review to see if Kohberger drove by the incident between 2341 to 0325 hours.

Tinder Kohberger Warrant

Case # 23-M09903
Date: 1/30/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a Tinder account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]@gmail.com
[REDACTED]@gmail.com
[REDACTED]@desales.edu
phone number [REDACTED]
IMEI [REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. January 26, 2023, at approximately 0922 hours, the warrant was served via the Tinder Law Enforcement Portal (<https://www.lert.matchgroup.com>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference [REDACTED].

Later that day, I received a call from S [REDACTED] M [REDACTED], Customer Representative for Match Group. M [REDACTED] informed me they had located a previous account linked to the email [REDACTED]@gmail.com, however, no further information was available as the account was deleted. I requested any and all information available for the deleted account.

On January 30, 2023, I received an email from Tinder stating the data requested pursuant to the warrant was available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the contents, I found several unique identifiers associated with "[REDACTED]" associated with the [REDACTED]@gmail.com account. These UIDs were also associated with the phone number of [REDACTED]. The UIDs were as follows:

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@match.com.

Arrest Warrant and Arrest of Kohberger-#157

1. WatchGuard Event: No

Additional Responding Officers: Det. Gilbertson (ISP)

Case number added to WG: NA

2. Evidence

None

3. Narrative

Based off information obtained during the course of this investigation, I applied for an arrest warrant for Bryan C. Kohberger. Magistrate Judge Marshall signed the warrant on 12/29/22.

Previous search warrants and information led investigators to believe Kohberger left Pullman, WA and returned to his parents home in Allbrightsville, PA. Sgt. Gilbertson (ISP), T [REDACTED] S [REDACTED] (FBI) and I flew to Pennsylvania on 12/29/22 and met with the Pennsylvania State Police (PSP) and FBI personnel there.

At approximately 0100 hours on 12/30/22, the PSP SERT team conducted an operation at [REDACTED] and took Kohberger into custody based off the warrant signed by Judge Marshall.

Kohberger was taken to a nearby PSP barracks where Sgt. Gilbertson and I interviewed him for approximately 45 minutes. See Sgt. Gilbertson's report on the interview for full details.

The warrant was served to Kohberger upon his extradition back to Idaho and his booking into the Latah County Jail.

4. Other

None

I certify (or declare) under penalty of perjury pursuant to the law of the State

of Idaho that the foregoing is true and correct.

Kohberger Information and Cell Phone Search Warrants-#157

1. WatchGuard Event: No

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

None

3. Narrative

As part of the investigation, an extensive search, commonly referred to in law enforcement as a "video canvass," was conducted in the area of the King Road Residence. This video canvass was to obtain any footage from the early morning hours of November 13, 2022, in the area of the King Road Residence and surrounding neighborhoods in an effort to locate the suspect(s) or suspect vehicle(s) traveling to or leaving from the King Road Residence. This video canvass resulted in the collection of numerous surveillance videos in the area from both residential and business addresses. I have reviewed numerous videos that were collected and have had conversations with the other MPD Officers, ISP Detectives, and FBI Agents that are similarly reviewing footage that was obtained.

A review of camera footage indicated that a white sedan, hereafter "Suspect Vehicle 1", was observed traveling westbound in the [REDACTED] block of Indian Hills Drive in Moscow at approximately 3:26 a.m and westbound on Styner Avenue at Idaho State Highway 95 in Moscow at approximately 3:28 a.m. On this video, it appeared Suspect Vehicle 1 was not displaying a front license plate nor did it appear the vehicle had fog lights on the lower portion of the front bumper based off video obtained from the S [REDACTED] M [REDACTED] located [REDACTED]. This was the video which captured Suspect Vehicle 1 crossing South Main Street from Styner Ave. to Lauder Ave. at approximately 3:28 a.m.

A review of footage from multiple videos obtained from the King Road Neighborhood showed multiple sightings of Suspect Vehicle 1 starting at 3:29 a.m. and ending at 4:20 a.m. These sightings show Suspect Vehicle 1 makes an

initial three passes by the 1122 King Road residence and then leave via Walenta Drive. Based off of my experience as a Patrol Officer this is a residential neighborhood with a very limited number of vehicles that travel in the area during the early morning hours. Upon review of the video there are only a few cars that enter and exit this area during this time frame.

Suspect Vehicle 1 can be seen entering the area a fourth time at approximately 4:04 a.m. It can be seen driving eastbound on King Road, stopping and turning around in front of [REDACTED] Queen Road # [REDACTED] and then driving back westbound on King Road. When Suspect Vehicle 1 is in front of the King Road Residence, it appeared to unsuccessfully attempt to park or turn around in the road. The vehicle then continued to the intersection of Queen Road and King Road where it can be seen completing a three-point turn and then driving eastbound again down Queen Road.

Suspect Vehicle 1 is next seen departing the area of the King Road Residence at approximately 4:20 a.m. at a high rate of speed. Suspect Vehicle 1 is next observed traveling southbound on Walenta Drive. Based on my knowledge of the area and review of camera footage in the neighborhood that does not show Suspect Vehicle 1 during that timeframe, I believe that Suspect Vehicle 1 likely exited the neighborhood at Palouse River Drive and Conestoga Drive. Palouse River Drive is at the southern edge of Moscow and proceeds into Whitman County, Washington. Eventually the road leads to Pullman, Washington. Pullman Washington is approximately 10 miles from Moscow, Idaho. Both Pullman and Moscow are small college towns and people commonly travel back and forth between them.

Law enforcement officers provided video footage of Suspect Vehicle 1 to forensic examiners with the Federal Bureau of Investigation that regularly utilize surveillance footage to identify the year, make, and model of an unknown vehicle that is observed by one or more cameras during the commission of a criminal offense. The Forensic Examiner has approximately 35 years law enforcement experience with twelve years at the FBI. His specific training includes identifying unique characteristics of vehicles, and he uses a database that gives visual clues of vehicles across states to identify differences between vehicles.

After reviewing the numerous observations of Suspect Vehicle 1, the forensic examiner initially believed that Suspect Vehicle 1 was a 2011-2013 Hyundai Elantra. Upon further review, he indicated it could also be a 2011-2016 Hyundai Elantra. As a result, investigators have been reviewing information on persons in possession of a vehicle that is a 2011-2016 white Hyundai Elantra.

Investigators were given access to video footage on the Washington State University (WSU) campus located in Pullman, WA. A review of that video indicated that at approximately 2:53 a.m. on November 13th, a white sedan, which is consistent with the description of the White Elantra known as Suspect Vehicle 1, was observed traveling southeast on Nevada Street in Pullman, WA towards SR 270. SR 270 connects Pullman, Washington to Moscow, Idaho. This camera footage from Pullman, WA was provided to the same FBI Forensic Examiner. The Forensic Examiner identified the vehicle observed in Pullman, WA as being a 2014-2016 Hyundai Elantra.

At approximately 5:25 a.m., a white sedan, which was consistent with the description of Suspect Vehicle 1, was observed on five cameras in Pullman, WA and on WSU Campus cameras. The first camera that recorded the white sedan was located at [REDACTED] Johnson Road in Pullman. The white sedan was observed traveling northbound on Johnson Road. Johnson Road leads directly back to West Palouse

River Drive in Moscow which intersects with Conestoga Drive. The white sedan was then observed turning north on Bishop Boulevard and northwest on SR 270. At approximately 5:27 a.m., the White Elantra was observed on cameras traveling northbound on Stadium Way at Nevada Street, Stadium Way at Grimes Way, Stadium Drive at Wilson Road, and Stadium Way at Cougar Way.

On November 25, 2022, MPD asked area law enforcement agencies to be on the lookout for white Hyundai Elantras in the area. On November 29, 2022, at approximately 12:28 a.m., Washington State University (WSU) Police Officer Daniel Tiengo, queried white Elantras registered at WSU. As a result of that query he located a 2015 white Elantra with a Pennsylvania license plate [REDACTED]. This vehicle was registered to Bryan Kohberger hereafter "Kohberger" residing at [REDACTED], Pullman, Washington. [REDACTED] is approximately three-quarters of a mile from the intersection of Stadium Way and Cougar Way (last camera location that picked up the white Elantra).

That same day at approximately 12:58 a.m., WSU Officer Curtis Whitman was looking for white Hyundai Elantra's and located a 2015 white Hyundai Elantra at [REDACTED] in Pullman in the parking lot. [REDACTED] is an apartment complex that houses WSU students. Officer Whitman also ran the car and it returned to Kohberger with a Washington tag.

Upon receipt of this information, I reviewed Kohberg's WA state driver license information and photograph via a driver's license query for that name. This license indicates that Kohberger is a white male with a height of 6' and weighs 185 pounds. Additionally, the photograph of Kohberger shows that he has bushy eyebrows. Kohberger's physical description is consistent with the description of the male D.M. saw inside the King Road Residence on November 13th.

Further investigation, including a review of Latah County Sheriff's Deputy CPL Duke's body cam and reports, showed that on August 21, 2022, Bryan Kohberger was detained as part of a traffic stop that occurred in Moscow, Idaho, by CPL Duke. At the time, Kohberger, who was the sole occupant, was driving a white 2015 Hyundai Elantra with Pennsylvania plate [REDACTED] which was set to expire on November 30, 2022. During the stop, which was recorded via a law enforcement body camera, Kohberger provided his phone number as [REDACTED], hereafter the "8458 Phone" as his cellular telephone number. Investigators conducted electronic database queries and learned that the 8458 Phone is a number issued by AT&T.

On October 14, 2022, Bryan Kohberger was detained as part of a traffic stop by a WSU Police Officer. Upon review of that body cam and report of the stop, Kohberger was the sole occupant and was driving a white 2015 Hyundai Elantra with Pennsylvania plate [REDACTED].

On November 18, 2022, according to WA state licensing, Kohberger registered the 2015 white Elantra with WA and later received WA plate [REDACTED]. Prior to this time, the 2015 white Elantra was registered in Pennsylvania, which does not require a front license plate to be displayed (this was learned through communications with a Pennsylvania officer who is currently certified in the State of Pennsylvania). Based on my own experience and communication with Washington law enforcement, I know that Idaho and Washington require front and back license plates to be displayed.

Investigators believe that Kohberger continued to drive the white Elantra as the

vehicle was captured on December 13, 2022, by a license plate reader in Loma, Colorado (information provided by a query to a database). Kohberger's Elantra was then queried on December 15, 2022 by law enforcement in Hancock County, Indiana. It was later learned this query was a result of a traffic stop in Hancock County, Indiana wherein Kohberger was the driver of the white Elantra with his father as the passenger. Kohberger was stopped again nine minutes later in Hancock County and released without citation or further enforcement.

On December 16, 2022 at approximately 2:26 p.m., surveillance video, obtained by request of FBI agents in Pennsylvania, showed Kohberger's Elantra in Albrightsville, Pennsylvania. The only visible occupant of the vehicle was a white male whose description was consistent with Kohberger. Kohberger has family in Albrightsville, Pennsylvania (learned through a TLO search and locate tool database query), namely [REDACTED], an address which is inside the gated community where the footage was captured.

Based on information provided on the WSU website, Kohberger was a Ph.D Student in Criminology at Washington State University. Pursuant to records provided by a member of the interview panel for Pullman Police Department, we learned that the fall 2022 Semester was Kohberger's first semester at WSU. Additionally, these same records indicated Kohberger's past education included undergraduate degrees in psychology and cloud-based forensics. These records also showed Kohberger wrote an essay when he applied for an internship with the Pullman Police Department in the fall of 2022. Kohberger wrote in his essay he had interest in assisting rural law enforcement agencies with how to better collect and analyze technological data in public safety operations. Kohberger also posted a Reddit survey which can be found by an open-source internet search. The survey asked for participants to provide information to "understand how emotions and psychological traits influence decision making when committing a crime."

As part of this investigation, law enforcement obtained search warrants to determine cellular devices that utilized cellular towers in close proximity to the King Road Residence on November 13, 2022 between 3:00 a.m. and 5:00 a.m. After determining that Kohberger was associated to both the 2015 White Elantra and the 8458 Phone, investigators reviewed these search warrant returns. A query of the 8458 Phone in these returns did not show the 8458 Phone utilizing cellular tower resources in close proximity to the King Road Residence between 3:00 a.m. and 5:00 a.m.

Based on my training, experience, and conversations with law enforcement officers that specialize in the utilization of cellular telephone records as part of investigations, individuals can either leave their cellular telephone at a different location before committing a crime or turn their cellular telephone off prior to going to a location to commit a crime. This is done by subjects in an effort to avoid alerting law enforcement that a cellular device associated with them was in a particular area where a crime is committed. I also know that on numerous occasions, subjects will surveil an area where they intend to commit a crime prior to the date of the crime. Depending on the circumstances, this could be done a few days before or for several months prior to the commission of a crime. During these types of surveillance, it is possible that an individual would not leave their cellular telephone at a separate location or turn it off since they do not plan to commit the offense on that particular day.

On December 23, 2022, I applied for and was granted a search warrant for historical phone records between November 12, 2022 at 12:00 a.m. and November 14, at 12:00 a.m. for the 8458 Phone held by the phone provider AT&T

(approximately 24 hours proceeding and following the times of the homicides). On December 23, 2022, pursuant to that search warrant, I received records for the 8458 Phone from AT&T. These records indicated that the 8458 Phone is subscribed to Bryan Kohberger at an address in Albrightsville, Pennsylvania and the account has been open since June 23, 2022. These records also included historical cell site location information (CSLI) for the 8458 Phone. After receiving this information, I consulted with an FBI Special Agent (SA) that is certified as a member of the Cellular Analysis Survey Team (CAST). Members of CAST are certified with the FBI to provide expert testimony in the field of historical CSLI and are required to pass extensive training that includes both written and practical examinations prior to be certified with CAST as well as the completion of yearly certification requirements. Additionally, the FBI CAST SA that I consulted with has over fifteen years of federal law enforcement experience, which includes six years with the FBI. From information provided by CAST, I was able to determine estimated locations for the 8458 Phone from November 12, 2022 to November 13, 2022, the time period authorized by the court.

On November 13, 2022 at approximately 2:42 a.m., the 8458 Phone was utilizing cellular resources that provide coverage to [REDACTED], Pullman, WA, hereafter the "Kohberger Residence." At approximately 2:47 a.m. the 8458 Phone stops reporting to the network, which is consistent with either the phone being in an area without cellular coverage, the connection to the network is disabled (such as putting the phone in airplane mode), or that the phone is turned off. The 8458 Phone does not report to the network again until approximately 4:48 a.m. at which time it utilized cellular resources that provide coverage to ID state highway 95 south of Moscow, ID near Blaine, ID (north of Genesee). Between 4:50 a.m. and 5:26 a.m., the phone utilizes cellular resources that are consistent with the 8458 Phone traveling south on ID state highway 95 to Genesee, ID, then traveling west towards Uniontown, WA, and then north back into Pullman, WA.

At approximately 5:30 a.m., the 8458 Phone is utilizing resources that provide coverage to Pullman, WA and consistent with the phone traveling back to the Kohberger Residence. The 8458 Phone's movements are consistent with the movements of the white Elantra that is observed traveling north on Stadium Drive at approximately 5:27 a.m. Based on a review of the 8458 Phone's estimated locations and travel, the 8458 Phone's travel is consistent with that of the white Elantra.

Further review indicated that the 8458 Phone utilized cellular resources on November 13, 2022 that are consistent with the 8458 Phone leaving the area of the Kohberger Residence at approximately 9:00 a.m. and traveling to Moscow, ID. Specifically, the 8458 Phone utilized cellular resources that would provide coverage to the King Road Residence between 9:12 a.m. and 9:21 a.m. The 8458 Phone next utilized cellular resources that are consistent with the 8458 Phone traveling back to the area of the Kohberger Residence and arriving to the area at approximately 9:32 a.m.

Investigators found that the 8458 Phone did connect to a cell phone tower that provides service to Moscow on November 14, 2022, but investigators do not believe the 8458 Phone was in Moscow on that date. The 8458 Phone has not connected to any towers that provide service to Moscow since that date.

Based on my training, experience, and the facts of the investigation thus far, I believe that Kohberger, the user of the 8458 Phone, was likely the driver of the

white Elantra that is observed departing Pullman, WA and that this vehicle is likely Suspect Vehicle 1. Additionally, the route of travel of the 8458 Phone during the early morning hours of November 13, 2022 and the lack of the 8458 Phone reporting to AT&T between 2:47 a.m. and 4:48 a.m. is consistent with Kohberger attempting to conceal his location during the quadruple homicide that occurred at the King Road Residence. Kohberger would likely have information on how cellular data can be utilized in criminal investigations as part of his past studies.

On December 23, 2022, I was granted a search warrant for Kohberger's historical CSLI from June 23, 2022 to current, prospective location information, and a Pen Register/Trap and Trace on the 8458 Phone to aid in efforts to determine if Kohberger stalked any of the victims in this case prior to the offense, conducted surveillance on the King Road Residence, was in contact with any of the victims' associates before or after the alleged offense, any locations that may contain evidence of the murders that occurred on November 13, 2022, the location of the white Elantra registered to Kohberger, as well as the location of Kohberger.

On December 23, 2022 pursuant to that search warrant, I received historical records for the 8458 Phone from AT&T from the time the account was opened in June 2022. After consulting with CAST SA, I was able to determine estimated locations for the 8458 Phone from June 2022 to present, the time period authorized by the court. The records for the 8458 Phone show the 8458 Phone utilizing cellular resources that provide coverage to the area of 1122 King Road on at least twelve occasions prior to November 13, 2022. All of these occasions, except for one, occurred in the late evening and early morning hours of their respective days.

One of these occasions, on August 21, 2022, the 8458 Phone utilized cellular resources providing coverage to the King Road Residence from approximately 10:34 p.m. to 11:35 p.m. At approximately 11:37 p.m., Kohberger was stopped by Latah County Sheriff's Deputy CPL Duke, as mentioned above. The 8548 Phone was utilizing cellular resources consistent with the location of the traffic stop during this time (Farm Road and Pullman Highway).

Further analysis of the cellular data provided showed the 8458 Phone utilized cellular resources on November 13, 2022 consistent with the 8458 Phone traveling from Pullman, Washington to Lewiston, Idaho via US Highway 195. At approximately 12:36 p.m., the 8458 Phone utilized cellular resources that would provide coverage to Kate's Cup of Joe coffee stand located at [REDACTED], Clarkston, WA. Surveillance footage from the US Chef's Store located at [REDACTED], Clarkston, WA and adjacent to Kate's Cup of Joe showed a white Elantra, consistent with Suspect Vehicle 1, drive past Kate's Cup of Joe at a time consistent with the cellular data from the 8548 Phone.

At approximately 12:46 p.m., the 8458 Phone then utilized cellular data in the area of the Albertson's grocery store at [REDACTED] in Clarkston, Washington. Surveillance footage obtained from the Albertson's showed Kohberger exit the white Elantra, consistent with Suspect Vehicle 1, at approximately 12:49 p.m. Interior surveillance cameras showed Kohberger walk through the store, purchase unknown items at the checkout, and leave at approximately 1:04 p.m. Kohberger's possible path of travel is depicted below (not to scale):

Additional analysis of records for the 8458 Phone indicated that between approximately 5:32 p.m. and 5:36 p.m., the 8458 Phone utilized cellular

resources that provide coverage to Johnson, WA. The 8458 Phone then stops reporting to the network from approximately 5:36 p.m. to 8:30 p.m. That is consistent with the 8458 Phone being the area that the 8458 Phone traveled in the hours immediately following the suspected time the homicides occurred.

On December 27, 2022, Pennsylvania Agents recovered the trash from the Kohberger family residence located in Albrightsville, PA. That evidence was sent to the Idaho State Lab for testing. On December 28, 2022, the Idaho State Lab reported that a DNA profile obtained from the trash and the DNA profile obtained from the sheath, identified a male as not being excluded as the biological father of Suspect Profile. At least 99.9998% of the male population would be expected to be excluded from the possibility of being the suspect's biological father.

Based on the above information, I requested an arrest warrant be issued for Bryan C. Kohberger, (DOB) [REDACTED]/1994, for Burglary at 1122 King Street in Moscow, Idaho, and four counts of Murder in the First Degree for the murders of Madison Mogen, Kaylee Goncalves, Xana Kernodle, and Ethan Chapin.

YikYak Kohberger Warrant

Case # 23-M09903
Date: 1/26/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a YikYak account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]@gmail.com
[REDACTED]@gmail.com
[REDACTED]@desales.edu
phone number [REDACTED]
IMEI [REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. January 26, 2023, at approximately 0852 hours, the warrant was served via the YikYak Law Enforcement Portal (<https://yikyak.com/law-enforcement-request>).

On January 27, 2023, I received an email from YikYak ([REDACTED]@yikyak.com) with a response to the data requested pursuant to the warrant. A copy of the email was saved to a computer in the secure forensic computer lab at the Moscow Police Department.

In reviewing the contents, I found only the following information:

Poster phone number: [REDACTED]

Poster UID: [REDACTED] & [REDACTED]

Date Joined: Oct 11, 2022

I responded to the email, requesting clarification on if there was any way to correlate the UID with posts from other UIDs, date logs of posts, or dates of YikYaks viewed.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@yikyak.com, as this was the originating email address associated with the documents.

Dropbox Kohberger Warrant

Case # 23-M09903
Date: 1/26/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a Dropbox account of Bryan Kohberger with the any of the following identifiers:

██████████@gmail.com
██████████@gmail.com
██████████@desales.edu
phone number ██████████
IMEI ██████████

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. On January 30, 2023, at approximately 1203 hours, the warrant was served via the Dropbox Law Enforcement Portal (<https://dropbox-legal.force.com>). I received an internal reference ██████████.

On February 2, 2023, I received an email from Dropbox stating the data requested pursuant to the warrant was available to download. I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the data, it showed the account belonged to Bryan Kohberger with an email address of ██████████@desales.edu. The account was created on March 5, 2021. It showed the last log-in date of March 9, 2021 0240 UTC.

there was three (3) files in the account data. Two appear to be associated with using the Dropbox service. The third was an MP4 video titled, "Kids for Cash.mp4." This appears to be a movie released in 2013 and IMDB.com provides the following as an overview:

Kids for Cash is a riveting look behind the notorious judicial scandal that rocked the nation. Beyond the millions paid and high stakes corruption, Kids for Cash exposes a shocking American secret. In the wake of the shootings at Columbine, a small town celebrates a charismatic judge who is hell-bent on

keeping kids in line until one parent dares to question the motives behind his brand of justice. This real life thriller reveals the untold stories of the masterminds at the center of the scandal and the chilling aftermath of lives destroyed in the process a stunning emotional roller coaster.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@dropboxlegal.com, as this was the originating email address associated with the documents.

Photos of Items requested to be held by Defense Team - 108

On February 2, 2023, at around 0800 hours, Cpl. Brett Payne and myself responded to the secure storage area at the city shop to take photos of property belonging to D [REDACTED] M [REDACTED] and another unidentified female. MPD had previously removed items belonging to D [REDACTED], B [REDACTED], Xana, Ethan, Maddie, and Kaylee. Items had also been removed from a spare bedroom on the first floor.

Ann Taylor, Defense Counsel, was granted permission to go through these items to see what could be released back to the proper owners. Prior to Ms. Taylor being given a chance to look at these items property belonging to Xana, Maddie, and Kaylee had already been released. MPD had also given D [REDACTED] back her belongings but we were able to get her to return them.

Ms. Taylor requested we set aside the following items:

Items from D [REDACTED] belongings:

Hand written note
Pink and White blanket with red hearts
Pink and White cloth possible used as a curtain or decoration
Black and White Van shoes
Red and White (unknown brand) shoes
Black and White converse shoes

Items from the spare bedroom:

Adidas black and white short sleeve t-shirt (size small)
Green and pink coat (unknown brand)

The above items were placed in cardboard boxes and set aside until Ms. Taylor can get a court order stating she can take the items.

Vehicle Crash Crossing Crime Scene: M140

Related Case Number: 23-M00906

1. WatchGuard Event: YES

Additional Responding Officers: Sgt. Hathaway

Case number added to WG: 23-M00906

2. Evidence

NONE

3. Narrative

On 02/02/23, at approximately 1700 hours, I responded to a single vehicle crash at 500 Queen Rd.

While parked in the parking lot of [REDACTED] Queen Rd, (directly above the 1122 King Rd crime scene), M [REDACTED] F [REDACTED] and A [REDACTED] F [REDACTED] were attempting to push F [REDACTED] silver Nissa Versa off a frozen patch of the lot. While attempting to push the vehicle, it rolled forward off the patch of ice and down the embankment, crossing past the crime scene tape and striking a tree, approximately 20 feet from the house. F [REDACTED] stated that he crossed the crime scene tape and placed his car in park, then turned off the engine. F [REDACTED] explained that he did not go past the vehicle or near the home.

[REDACTED] came and removed the vehicle while officers were on scene. No one went past the front of the vehicle or approached the house, but the taped off scene was entered for removal of the vehicle.

The vehicle sustained damage to the front bumper but was still operable.

4. Other

The DR has been attached in the involvement files for this report. The involved parties and the crash photos can be viewed in that case file.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Release of Chapin Vehicles-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On February 9, 2023, I met with S [REDACTED] and J [REDACTED] C [REDACTED] at the City of Moscow Shop. S [REDACTED] and J [REDACTED] came to Moscow to retrieve the two vehicles Ethan Chapin had at 1122 King Road. I assisted with getting the vehicles in working order and released the Ford Explorer and Jeep Wrangler to S [REDACTED] and J [REDACTED]. There was no visible damage to the vehicles and they were released to the C [REDACTED] without issue.

4. Other

A new battery was provided by the Moscow City Shop for the Wrangler as it would not start.

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Narrative:

Collection of Goncalves' Apple Watch from G-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 629- Apple Watch

3. Narrative

On February 9, 2023 I was notified by S G, representative of the Goncalves family, that he discovered an Apple Watch in Kaylee's belongings which had been released to the Goncalves family on December 12, 2022. G stated he took a video of himself removing the watch from the box. I told G MPD would take custody of the watch as it could be helpful to the investigation.

G brought the Apple Watch to me at the Moscow Police Department later on February 8, 2023. I had G sign the chain of custody sticker and provided him with my business card, on the back of which were instructions to send me the video of his discovery of the watch. I booked the Apple Watch into MPD evidence upon ending our conversation.

I have since sent two email requests to G for the video of him locating the watch. As of this writing, I had not received any images or videos of G finding the watch.

In addition, I spoke to several members of ISP and MPD who boxed up Kaylee's belongings, none of whom remember seeing the item.

4. Other

NA

I certify (or declare) under penalty of perjury pursuant to the law of the State

of Idaho that the foregoing is true and correct.

Twitter Kohberger Warrant

Case # 23-M09903
Date: 1/26/2023

On January 24, 2023, I applied for a warrant for the user subscriber information and user data associated with a Twitter account of Bryan Kohberger with the any of the following identifiers:

[REDACTED]@gmail.com
[REDACTED]@gmail.com
[REDACTED]@desales.edu
phone number [REDACTED]
IMEI [REDACTED]

On January 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with seven (7) days to serve the legal process. I attempted several times to serve the warrant via the Law Enforcement Portal (<https://legalrequests.twitter.com>), however Twitter would not recognize my city issued email as government issued. An extension to the warrant service was requested and granted by the court.

I was finally able to gain access February 6, 2023, at approximately 0913 hours, the warrant was served via the Twitter Law Enforcement Portal I received an email shortly after the submission, confirming the receipt of the request and assigning the internal Case # [REDACTED].

On February 12, 2023, I received an email from Twitter stating the data requested pursuant to the warrant was available to download. On February 15, 2023, I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

In reviewing the contents, I found the following data:

"accountId" : [REDACTED]
"phoneNumber" : "[REDACTED]"
"userCreationIp" : [REDACTED]
"createdAt" : [REDACTED],

"email" : [REDACTED]@gmail.com",
"createdVia" : [REDACTED]
"username" : [REDACTED]
"accountDisplayName" : [REDACTED]

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@twitter.com, as this was the originating email address associated with the documents.
