WSU Installment 12-#157

1. WatchGuard Event: NA
Additional Responding Officers: NA
Case number added to WG: NA

2. Evidence

Files attached electronically to this case

3. Narrative

On Wednesday, May 31, 2023 I received an email from A [REDACTED] S [REDACTED] containing a secure link and password to access installment twelve of WSU documents requested via subpoena in this case. I accessed the secure link using the provided password and downloaded a compressed zip file titled "INSTALLMENT-12_P [REDACTED]" to my department computer.

Upon review, I found the file contained several sub folders of emails between P [REDACTED] and Kohberger. There were also numerous pages of graded assignments of Kohberger's as well as redacted text messaged referencing Kohberger.

I attached the compressed zip file to this case electronically for further review.

4. Other

NA

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

TMobile Extended Warrant

Case # 23-M09903
Date: 6/7/2023

On March 30, 2023, I applied for a warrant for Call Data Records from June 23, 2022, to August 1, 2022 associated with the T-Mobile accounts with the any of the following identifiers:

T-Mobile Wireless Number: [REDACTED]
T-Mobile Wireless Number: [REDACTED]

A previous warrant to Snapchat requested the date range "August 1, 2022, to November 20, 2022." Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On March 30, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. On April 3, 2023, at approximately 1049 hours, the warrant was served via the T-Mobile Law Enforcement Email ([REDACTED]@T-Mobile.com).

On May 30, 2023, I received an email from T-Mobile with the data requested pursuant to the warrant was available to download. I downloaded the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@T-Mobile.com, as this was the originating email address associated with the documents.

Amazon Return Items in Kohberger's Vehicle-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Photos added to case electronically

3. Narrative

On Thursday, June 8, 2023 I accessed Kohberger's white Hyundai Elantra in order to photograph items in the trunk compartment. The items were identified as being ordered via Amazon by the same account Kohberger used to purchase the Ka Bar knife with sheath.

I was able to identify three items from the trunk compartment which I could positively identify as the same items ordered from Amazon per the return obtained via subpoena in this case. The first item was a bottle of supplements named "Amandean Vitamin D3 K2. Vegan" on the Amazon return. The bottle was in the trunk compartment and was contained in a small plastic bag. The bottle's label read "Amandean Vegan D3+K2 Dietary Supplements".

The second item I positively identified was labeled as "LEADBRAND Scissor Jack 1.5 Tons" on the Amazon return. I found a 1.5 ton scissor jack in the trunk compartment but it did not have any brand markings. I searched the same name on Amazon and found the same item I located in the trunk compartment. It should be noted the jack came with a ratchet handle as well. This item was booked previously.

The third item I located was labeled "CARTMAN Warning Triangle DOT Approved" on the Amazon return. I located a red, rectangular plastic box with warning triangles inside. On the side of the box was a sticker which read "cartman" on the top of the sticker and "Cartman Warning Triangle DOT Approved (3pk) New" on the bottom of the sticker.

I photographed these items and attached the photos to this case electronically.

WSU Installment 13 and 14- #157

1. WatchGuard Event: NA
Additional Responding Officers: NA
Case number added to WG: NA

2. Evidence

Files attached to case electronically

3. Narrative

When I reported for duty on Tuesday, June 13, 2023 I had two emails in my department inbox from A [REDACTED] S [REDACTED]. Each email contained a secure link and assigned password for installments thirteen and fourteen of the WSU documents requested via subpoena in this case.

I accessed the link for installment thirteen and downloaded a zip file titled "INSTALLMENT-13_S [REDACTED]". I downloaded the file to my department computer and attached it to this case. The file contained several essays written by Kohberger, a self-evaluation done by Kohberger and additional miscellaneous documents.

I accessed the link for installment fourteen and downloaded a zip file titled "INSTALLMENT-14_T [REDACTED]". I downloaded the file to my department computer and attached it to this case. The file contained a writing sample written by Kohberger, various email correspondence and Teams notes.

Both files were attached to this case electronically.

ISP Amazon Purchase Items- #157

1. WatchGuard Event: NA
Additional Responding Officers: NA
Case number added to WG: NA

2. Evidence

Item 733 Ka Bar
Item 734 Ka Bar Sharpener
Item 735 Vegan Supplements

3. Narrative

On Tuesday, June 13, 2023 Det. Darren Gilbertson from ISP provided me with three packages he obtained by ordering the items from Amazon. Det. Gilbertson stated he purchased the items in the same fashion used by Kohberger to purchase a Ka Bar with sheath, a Ka Bar Sharpener and a bottle of supplements.

I photographed each of the packages and their content along with the order paperwork Det. Gilbertson provided. The packages contained one Ka Bar straight fighting knife with a leather USMC sheath, a Ka Bar sharpener and a bottle of vegan supplements. I attached all photos to this case and booked all of the items into MPD evidence on June 13, 2023. The paperwork was included in the package containing the knife itself.

Narrative:

Meeting with Spokane County Medical Examiner:

On June 7, 2023, I reached out to Dr. V. S. [REDACTED], Chief Medical Examiner for the Spokane County Medical Examiner's Office, to arrange a meeting with the Latah County Prosecutor's team. Dr. S. [REDACTED] stated she could meet on June 28, 2023, which worked for the Prosecuting Team.

On June 27, 2023, I met with T. S. [REDACTED], MPD Evidence Technician, and had item # 733 (23M-1025), Ka Bar knife, temporarily released to me so I could bring it to the meeting with Dr. S. [REDACTED]. I locked item #733 into a temporary lock box in MPD Detectives, as our meeting was on the following day.

On June 28, 2023, I removed item #733 from the lock box in MPD Detectives and brought it with me to Spokane.

On June 28, 2023, at approximately 1030 hours, myself, along with Bill Thompson, Ashley Jennings, Jeff Nye, and Ingrid Batey met with Dr. S. [REDACTED] at the Spokane County Medical Examiner's Office. Dr. S. [REDACTED] had pre-selected several photos, from each victim, to go over with us so she could describe the shape of a weapon which would have caused the injuries. I removed the Ka Bar knife from the sealed package and showed it to Dr. S. [REDACTED]. Dr. S. [REDACTED] stated, the shape and size of the Ka Bar knife was consistent as being the weapon which could have caused the injuries on all four of the victims.

Dr. S. [REDACTED] described how some of the wounds had two points on either end and how some wounds had a point on one end and a square shape at the other end. Dr. S. [REDACTED] explained how the Ka Bar knife could have created these wounds, depending on the depth of the injury. Dr. S. [REDACTED] explained the tip of the knife, having sharp edges on either side, would show a wound with the points on either end. Dr. S. [REDACTED] described a deeper wound would show a point on one side and the square on the other, and how it matched the shape of the knife blade, having the single sharp edge on one side and a square edge on the other, below the tip. Dr. S. [REDACTED] pointed out some of the wounds had a mark that was consistent with the guard of the Ka Bar knife. Dr. S. [REDACTED] described how the wounds could look different, depending on the skin stretching, the dynamics of the situation at the time, the angle or position the knife was in when it was inserted and or removed, and how a victim was moving or not moving at the time.

Dr. S [REDACTED] described some injuries depicted that the strength of the weapon itself, and the forced used, would have been great.

We concluded out meeting with Dr. S [REDACTED]. I brought item #733 back to MPD and booked it back into MPD evidence on June 28, 2023.

Indian Mountain Lakes and Aerial Surveillance-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 755: Thumb Drives

3. Narrative

On Thursday, June 29, 2023 I located two thumb drives containing video surveillance footage of the access gates at Indian Mountain Lakes gated community wherein Kohberger's parents' home was located and aerial surveillance footage and photos of the Kohberger residence.

I verified the thumb drives contained the correct footage and videos and booked them into MPD evidence on June 29, 2023. It should be noted the thumb drives were in a locked cabinet in my office since they were received. The thumb drives were not initially booked as they were in an envelope not recognized as containing them.

Facebook Warrant Additional

Case # 22-M09903
Date: 7/5/2023

On June 29, 2023, I received several emails from Facebook with a reference # of [REDACTED] These emails stated:

Hello,

We became aware of an issue that may have affected our previous production of IP addresses in this case. The updated IP records are now available for download. Please rely on these updated records going forward. We apologize for any inconvenience this may have caused.

Thank you,

Law Enforcement Response Team

On July 5, 2023, I logged into the Facebook Law Enforcement Portal and downloaded the files provided. These files were copied to the forensic computers located in the secure forensic computer lab at the Moscow Police Department and a copy was placed into evidence.

Concatenation of Videos

Case: 22-M09903
Officer: Det. Fox #185
Date: 7/5/2023

On June 15th, 2023, I was provided the entirety of the 1112 King Road surveillance videos. This included 1,464 (5) minute videos that ranged from 0055 hours on 11/13/22 to 1722 hours on 11/17/2022. Using Axon Investigate version 3.1.0 software I was able to concatenate (stitch) the videos together to multiple hour clips.

As a result, I was able to compile the videos down to 17. The videos were placed on a portable hard drive and entered into evidence.

End of Report,
Det. Andrew Fox #185

Amazon Warrant Kohberger

Case # 22-M09903
Date: 7/5/2023

On April 26, 2023, I applied and was granted a warrant for data related to Amazon purchases and click activity for of the following identifiers:

Bryan C Kohberger

[REDACTED]@gmail.com

On April 27, 2023, at approximately 1411 hours, the warrant was served via <https://ler.amazon.com/us>. Forensic Account M [REDACTED] D [REDACTED] with the Federal Bureau of Investigations assisted in the production and service of the warrants.

Later it was found the warrant was dated "March" instead of April. An amended warrant was requested and granted. This warrant was served on May 10, 2023 at approximately 0905 hours, with the assistance of Forensic Account M [REDACTED] D [REDACTED].

On June 27, 2023, I received an email from FA D [REDACTED]. The email was a response from [REDACTED]@ler.amazon.com stating the data was available to download. This email from FA D [REDACTED] included the data return. A copy of the data was copied to a DVD and placed into evidence.

I completed the warrant return receipt and affidavit. These documents were sent to the Latah County Prosecutor's Office to be returned to the court. I also emailed a copy of the receipt to Amazon ([REDACTED]@ler.amazon.com), as this was the originating email address associated with the documents.

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Wednesday, July 12, 2023 I spoke to R [REDACTED] D [REDACTED] who previously called in a tip about possibly seeing Kohberger at the Clarkston Safeway the morning of November 13, 2022. I asked D [REDACTED] to tell me what he knew. D [REDACTED] told me he was at the Clarkston Safeway between 9:30 and 11:30 am the morning of November 13, 2023 and noticed a man in front of him in line. D [REDACTED] said he saw the man's face because D [REDACTED] made a comment to the store clerk which caused the man to turn and look at him.

D [REDACTED] stated he didn't think anything of the encounter until he saw Kohberger's face on the television upon his arrest. D [REDACTED] told me he was sure the person he saw was Kohberger and that he was wearing a black hoodie with the hoodie down.

D [REDACTED] told me that was all he knew and he wanted to make sure law enforcement was aware of it.

Narrative:

U of I documents from General Counsel; Capt. Berrett

On 11/19/22, I emailed K [REDACTED] N [REDACTED] at the U of I Office of General Counsel requesting a list of vehicles with parking permits on campus or had been ticketed between 08/01/22 and 11/13/22. The request was made to assist investigators locate persons who owned vehicles of interest in the on-going homicide investigation. On 12/08/22, I received an email from N [REDACTED] that contained a spread sheet showing U of I records for parking passes and parking tickets for any white Elantras, dating back to 2017. The email containing the spread sheet was forwarded to the investigation team.

On 11/30/22, I emailed K [REDACTED] N [REDACTED] and requested the rosters for all the fraternity and sororities on campus to assist investigators in this case. On 12/08/22, I received an email from N [REDACTED] with spread sheets containing the rosters for all Greek living groups for the fall, 2022 semester. On 12/06/22, N [REDACTED] sent me an email with spread sheets containing the individual chapter rosters for Greek organizations on the U of I campus from fall 2019 to fall 2022. I forwarded the information to the investigation team.

On 12/02/22, I received an email from K [REDACTED] N [REDACTED], responding to a request from the FBI, that contained spread sheets detailing the following regarding the six occupants of the house on 11/23/22;

List 1: All classes back to initial enrollment under dual credit enrollment in high school

1. Name, class, location, instructors

List 2: Specific information for each class in list 1

1. Additional information not included in list : Class location

List 3: Class rosters for each class in list 1

1. Term, class descriptions, student names and id numbers, student email (at the time) final grades

The email containing the spread sheets was forwarded to the investigation team.

On 12/01/22, I received an email from K [REDACTED] N [REDACTED], responding to a request from the FBI, that contained spread sheets with data relating to card-swipe lock on the U of I campus. I forwarded the information to the investigation team.

On 12/02/22, I received an email from K [REDACTED] N [REDACTED], responding to a request from the FBI, that contained data relating to card-swipe doors on the U of I campus. The information was forwarded to the investigation team.

On 12/06/22, I received an email from M [REDACTED] T [REDACTED] with the FBI, who was requesting the U of I pay schedule. I contacted K [REDACTED] N [REDACTED] and he emailed an explanation of the pay scale, and I forwarded to T [REDACTED].

On 01/17/23, I received an email from K [REDACTED] N [REDACTED], indicating the U of I had completed downloading data from their security camera system, onto a server MPD provided. I relayed this information to our forensics detectives and they were put in contact with U of I staff to take possession of the server.

Collection of plates related to Hyandai Elantra's - 108

1. WatchGuard Event: no
Additional Responding Officers: none
Case number added to WG: no

2. Evidence

Item #835 Verbatim DVD-R

3. Narrative

From November 25, 2022 to December 12, 2022 I gathered information from other police agencies around Moscow in reference to any 2012 to 2013 Hyandai Elantra's. Once I gathered all of this information I turned it over to the FBI who was tasked with gathering all plate information to build up a possible suspect pool for this case.

4. Other

none

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Kohberger Paypal OneDrive

Case # 22-M09903
Date: 7/25/2023

In an attempt to locate further online accounts or online service providers utilized by Bryan Kohberger, I began previewing the data forensically acquired from the desktop computer seized from the residence of Bryan Kohberger, located at [REDACTED], Pullman, Washington.

On this device I located references to both Paypal and OneDrive.

Paypal is a commonly used financial service and Paypal reports its services as a "financial technology company operating an online payments system in the majority of countries that support online money transfers, and serves as an electronic alternative to traditional paper methods such as checks and money orders." This service could be linked to additional accounts or show potential transactions important to the case.

Internet artifacts were located on the computer with the following URLs referring to Paypal:

[https://www.paypal.com/signin/authorize?ssoKey=\[REDACTED\]](https://www.paypal.com/signin/authorize?ssoKey=[REDACTED])
<https://paypalcredit.syf.com/ESecuritySSOPayPal/PayPal/login.action>
<https://www.paypal.com/myaccount/money/flow-transfer/addBank/banks/new>

OneDrive is owned by Microsoft and is reported by Microsoft to be "a file hosting service operated by Microsoft. First launched in August 2007, it enables registered users to share and synchronize their files. OneDrive also works as the storage backend of the web version of Microsoft Office." This service could be linked to additional accounts or show potential transactions important to the case.

The OneDrive app appeared to be installed and set to autorun on the computer. The program appeared to be installed at the following location on the computer:
C:\Program Files\Microsoft OneDrive\ [REDACTED]
And appeared to be listed in the Startup Items folder:
C:\Program Files\Microsoft OneDrive\OneDrive.exe

The artifacts located showed OneDrive software was set to run after a reboot/start of the computer. And the program appeared to be last run on November 28, 2022.

The URLs located seem to refer to a specific "resid":

[https://onedrive.live.com/View.aspx?resid=\[REDACTED\]](https://onedrive.live.com/View.aspx?resid=[REDACTED])

I sent an email to Microsoft in an attempt to clarify if the "resid" was a unique identifier to the user's OneDrive account, but have not received a response at the time of this report.

The OneDrive artifacts also included SharePoint links to URLs, which included references to Washington State University:

https://emailwsu-my.sharepoint.com/personal/bryan_kohberger_wsuedu/Documents

Microsoft states Sharepoint "empowers teamwork with dynamic and productive team sites for every project team, department, and division. Share files, data, news, and resources. Customize your site to streamline your team's work. Collaborate effortlessly and securely with team members inside and outside your organization, across PCs, Macs, and mobile devices."

From my training and experience I know cloud-based storage, like OneDrive, can contain files not located on local computers, hard drives, or other storage media. These files could be created entirely online or moved to the cloud storage and then deleted from the local device. Because of this, I am requesting a warrant to Microsoft OneDrive to identify any accounts used by Kohberger and request the located data within the account be provided to assist in the investigation. This is to include all accounts linked by recovery email, cookie, Microsoft IDs, creation IPs or phone numbers associated with these known identifiers associated with Kohberger:

[REDACTED]

I also know the online payment service Paypal was referenced and appears to have been utilized on the computer, I am requesting a warrant for Paypal for data related to the following account identifiers, which have been previously known to be used by Kohberger, between June 23, 2022 and December 31, 2022:

[REDACTED]

Information from P [REDACTED] P [REDACTED] - 108

1. WatchGuard Event: no

Additional Responding Officers: none

Case number added to WG: no

2. Evidence

Item #836 DVD-R with information about past tenants for P [REDACTED] P [REDACTED] in the area of King and Queen

Item #837 DVD-R with information about Hyundai Elantra's from P [REDACTED] P [REDACTED]

3. Narrative

During the course of this investigation I had D [REDACTED] S [REDACTED], manager for P [REDACTED] P [REDACTED], reach out to me and ask if we wanted information about his past tenants and information of anyone who might own an Hyundai Elantra for the properties he manages. I told D [REDACTED] I would accept any information he was legally and willing to provide to us.

I provided the Hyundai Elantra information to the FBI as they were collecting any vehicle info and making lists of potential suspects who might have any relationship to the victims.

I was later asked to burn all information I had to a DVD and book it into property.

4. Other

I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Spotify Kohberger Warrant

Case # 23-M09903
Date: 8/1/2023

On July 25, 2023, I applied for a warrant for user data from June 1, 2022, to present associated with the Spotify accounts with the any of the following

[REDACTED]

Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On July 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. At approximately 1406 hours, the warrant was served via email ([REDACTED]@spotify.com.).

On July 26, 2023, I received an email from Spotify stating the data requested pursuant to the warrant was not available.

A warrant return and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court.

Soil Sample Collection-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Item 839 Soil Sample Kit

3. Narrative

On Wednesday, August 2, 2023 I responded to several locations around the Palouse in order to collect soil samples. These areas were identified as points of interest for soil collection from pictures and cellular data recovered from Kohberger's phone. A plastic shovel with dirt wedged into several locations was recovered during the search of Kohberger's white Elantra, and these samples were taken in order to compare them to the samples on the shovel.

I responded to the following locations to collect the samples:

#1	8/2/2023	9:30	Kamiak Butte:	[REDACTED]
#2	8/2/2023	10:30	Colfax Park:	[REDACTED]
#3	8/2/2023	10:54	Klemgard Park:	[REDACTED]
#4	8/2/2023	11:33	Wawawai Park (East):	[REDACTED]
#5	8/2/2023	11:33	Wawawai Park (West):	[REDACTED]
#6	8/2/2023	12:48	Johnson Road/Staley Road:	[REDACTED]

Each sample was placed into a clean container, covered with a paper filter and then later sealed with evidence tape. I placed all the samples into the original hard case with a list of the above location information and sample numbers and sealed the case with evidence tape. I later booked the hard case into MPD evidence for it to be shipped to the FBI for analysis. It should be noted all of the samples except #6 were collected from public property. I obtained verbal permission from J [REDACTED] S [REDACTED], the owner of the property where # [REDACTED] was collected, to do so.

Forensic Examination of Device

Case: 22-M09930
Officer: Det. Fox #185
Date: 8/8/2023

On August 8th, 2023, I began a forensic examination of evidence# 22M-2120. This item was a Silver Samsung S8 that was located in a dumpster at [REDACTED]. The phone was recovered on November 17th, 2022, by ISP Trooper Justin Klitch and transported to the Moscow PD Forensic lab where it was stored securely.

I was able to use Cellebrite UFED version 7.62.2.9 to extract the data and Cellebrite Physical Analyzer to examine the data. While reviewing the phone the last account email was "[REDACTED]@gmail.com" and "[REDACTED]@ymail.com". The phone had multiple messages and call logs that I was able to review. The last date of activity was October 15th, 2020. I was able to cross reference the known victims in this case and was unable to locate any connection to this device.

At this time, after reviewing the data I was unable to locate any evidence that is connected or involved in this case. The phone was located 1.5 miles away from the crime scene and appears to have not been active since October of 2020.

This conclusion is based on the evidence that is known currently. This is subject to change if more or different evidence is presented.

End of Report,

Youtube Kohberger Warrant

Case # 23-M09903
Date: 8/9/2023

On July 25, 2023, I applied for a warrant for user data from June 1, 2022, to December 29, 2022 associated with the Youtube accounts with the any of the following identifiers:

[REDACTED]

Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On July 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. At approximately 1413 hours, the warrant was served via Law Enforcement Portal (<https://lers.google.com/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On August 8, 2023, I received an email from Instagram stating the data requested pursuant to the warrant was available to download. On August 9, 2023, I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@google.com, as this was the originating email address associated with the documents.

Forensic Examination of iPhone in Closet.

Case: 22-M09903
Officer: Det. Fox #185
Date: 8/16/23

On August 11th, 2023, I was able to complete a forensic examination of the evidence# 22M-2073. This was identified as Item#246, a black iPhone that was in a drawer, closet of W bedroom F3.

Using GrayKey and Magnet Axiom version 7.2 I was able to acquire the data from the iPhone XR. The iPhone serial number was identified as [REDACTED]. The account registered with the iPhone was [REDACTED]@outlook.com. The name of the iPhone user was listed as E [REDACTED] T [REDACTED]. Other emails associated with the iPhone included [REDACTED]@gmail.com and [REDACTED].

I was able to view the contents of the iPhone and the phone was last used on August 26th, 2021. There was no user activity on the device until it was reactivated by me on August 7th, 2023.

It appeared E [REDACTED] T [REDACTED] was friends/roommates with Kaylee Goncalves and had several communications with her from 8/2020-2/2021. It appeared E [REDACTED] and Kaylee were in the same sorority.

During the examination of the phone, I was unable to locate anything of evidentiary value. The phone was secured back into evidence for safe keeping.

Case # 23-M09903
Date: 8/22/2023

On July 20, 2023, I applied for a warrant for user data from June 1, 2022, to November 14, 2022 associated with the TikTok accounts with the any of the following identifiers:

Ethan Chapin's TikTok account with any of the following email address(es):
[REDACTED]; and/or phone number [REDACTED];

D [REDACTED] M [REDACTED] TikTok account with any of the following email address(es):
[REDACTED]; and/or phone number [REDACTED];

B [REDACTED] F [REDACTED] with any of the following email address(es):
[REDACTED], and/or [REDACTED] and/or phone number [REDACTED]

A previous warrant to TikTok requested the data for Madison Mogen, Kaylee Goncalves, and Xana Kernodle. Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On July 24, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. On July 25, 2023, at approximately 1145 hours, the warrant was served via the TikTok Law Enforcement Portal (<https://law-enforcement-tiktok-uscan.zendesk.com/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On August 17, 2023, I received an email from TikTok stating the data requested pursuant to the warrant was available to download. In an accompanying email, TikTok disclosed the following:
Please note that after a diligent search we are unable to locate any TikTok

accounts associated with the identifier "[REDACTED]
[REDACTED], [REDACTED], [REDACTED]"

On August 22, 2023, I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@law-enforcement-tiktok-uscan.zendesk.com, as this was the originating email address associated with the documents.

OneDrive Kohberger Warrant

Case # 23-M09903
Date: 8/24/2023

On July 20, 2023, I applied for a warrant for user data from January 1, 2022, to December 30, 2022 associated with the Microsoft accounts with the any of the following identifiers:

[REDACTED]

On July 25, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. At approximately 1420 hours, the warrant was served via the Microsoft Law Enforcement Portal (<https://leportal.microsoft.com/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED].

On August 23, 2023, Cpl Payne received an email from Microsoft stating the data requested pursuant to the warrant was available to download. Cpl Payne logged into the Law Enforcement Portal and downloaded the files. These files were decrypted using the provided password and stored in the secure forensic computer lab at the Moscow Police Department. A copy was placed into evidence

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@microsoft.com, as this was the originating email address associated with the documents.

Instagram Extended Warrant

Case # 23-M09903
Date: 9/11/2023

On July 24, 2023, I applied for a warrant for user data from June 23, 2022, to November 21, 2022 associated with the Instagram accounts with the any of the following identifiers:

Xana Kernodle with identifier "[REDACTED]";
Madison Mogen with identifier "[REDACTED]";
Kaylee Goncalves with identifier "[REDACTED]";

A previous warrant to Facebook requested the date range "August 1, 2022, to November 20, 2022." Based on information obtained from Washington State University, Bryan Kohberger moved to the Pullman, Washington on or about June 23, 2022. I requested both historical records and real time/provisional records in order to determine if Kohberger had any interactions with the victims leading up to the November 13, 2022 crime.

On July 24, 2023, the warrant was granted and signed by Magistrate Megan Marshal with fourteen (14) days to serve the legal process. On July 25, 2023, at approximately 1020 hours, the warrant was served via the Facebook Law Enforcement Portal (<https://www.facebook.com/records/>). I received an email shortly after the submission, confirming the receipt of the request and assigning the internal reference # [REDACTED]

On September 6, 2023, I received an email from Instagram stating the data requested pursuant to the warrant was available to download. On September 11, 2023, I logged into the Law Enforcement Portal and began downloading the files to the forensic computers located in the secure forensic computer lab at the Moscow Police Department.

A warrant return receipt and affidavit were completed and these documents were sent to the Latah County Prosecutor's Office to be returned to the court. A copy of the receipt was sent to [REDACTED]@records.facebook.com, as this was the originating email address associated with the documents.

FBI Tip 9237 Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Wednesday, September 13, 2023 FBI Tech Specialist T█████ forwarded me tip serial #9237 via email. The tip was called in on August 22, 2023 to the FBI tip line. The caller, R█████ T█████, advised the call taker he saw a person whom he thought was Kohberger at 1122 King Road on two occasions in July on 2022. T█████ advised he came to 1122 King Road as he was a real estate agent looking for property for clients. T█████ stated on both occasions he saw Kohberger and Kohberger's father.

On Wednesday, September 13, 2023 I called T█████ on the telephone after verifying his identity via TLO. T█████ was a licensed real estate agent living in Florida. I asked him to relate to me what he reported to the FBI. T█████ told me he drove his nephew, "T█████", to the western US from Florida as his nephew was dying from cancer. T█████ advised he came through Moscow and saw a sign for property for sale, so he followed the sign to 1122 King Road to look at the property for clients. While he was parked out front, T█████ said a brown "Jeep type pickup" pulled into the parking lot driven by an older man with a red beard. T█████ said he then saw a male who he was sure was Kohberger get up from the back seat. T█████ and the driver exchanged small talk, and T█████ said he walked to the back door to speak to the tenants but no one answered. T█████ said he left the area with his nephew shortly after that.

T█████ said he returned to 1122 King Road on his way back to Florida. T█████ said he was parked in front of the house when a white car, which he described as "the same one they've shown on television", drive by the house. T█████ said he was sure the driver was Kohberger's father and Kohberger was in the passenger seat. T█████

said the vehicle sped away and he did not see where it went.

I asked T[REDACTED] if he remembered when this took place. T[REDACTED] asked me what month the homicides occurred. I told him it was November to which he replied it must have been around then. T[REDACTED] previously told the FBI he was in Moscow in July. T[REDACTED] then told me his nephew passed away a short time after he returned from his trip. I asked T[REDACTED] when his nephew passed away. T[REDACTED] told me his nephew passed away eight years ago. I thanked T[REDACTED] for his time and told him I would call him with further questions if needed.

At this time, there is nothing to corroborate T[REDACTED] statements based off inconsistencies in his timeline. Further investigation will be completed if necessary.

This is a summary of my conversation with T[REDACTED]. Our conversation was not recorder.

Second K [REDACTED] C [REDACTED] (I [REDACTED]) Interview-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Audio digitally attached to this case

3. Narrative

On Tuesday, October 10, 2023 I met with WSU student K [REDACTED] C [REDACTED], hereto referred to as I [REDACTED], in reference to this case. I was accompanied by FBI Agent Hille for this interview as well as an FBI interpreter who was present via phone call as I [REDACTED] is from [REDACTED]. This is a summary of my interview with I [REDACTED] and is not a verbatim representation of the interview. The interview was recorded and attached to this case digitally.

I [REDACTED] was interviewed once previously by FBI Agent Zahaczewsky in December of 2022. I [REDACTED] was a former teaching assistant with Kohberger and shared an office with him for the fall semester of 2022 at WSU.

I began by asking I [REDACTED] to tell me how he met Kohberger. I [REDACTED] stated they were both TA's for the Criminology program at WSU and shared an office in Wilson Short Hall. I [REDACTED] considered Kohberger a friend and stated he thought Kohberger was very intelligent but also selfish. I [REDACTED] said Kohberger would often mislead him when it came to their shared work and would have I [REDACTED] complete work meant for Kohberger.

I [REDACTED] said Kohberger came to his dorm room on one occasion around the time of the homicides (I [REDACTED] was unsure on the exact date) after I [REDACTED] asked him for a ride to class. I [REDACTED] also added Kohberger began to talk much more than usual after the homicides. I [REDACTED] characterized Kohberger's conversations as those coming from someone who wanted to vent.

I [REDACTED] stated Kohberger attempted to use his authority as a TA to inappropriately

interact with female students. I [REDACTED] stated he thought Kohberger wanted a girlfriend and added they talked about Kohberger wanting a girlfriend on many occasions.

I [REDACTED] said Kohberger told him he might lose his TA position over an issue with Dr. S [REDACTED]. Kohberger asked I [REDACTED] to help fight the allegations but I [REDACTED] stated he refused to help Kohberger. I [REDACTED] characterized Kohberger as a dishonest person. To support this, I [REDACTED] stated he spoke to Kohberger in late December of 2022, and Kohberger said he was packing his bags to catch a flight back to Pennsylvania. I [REDACTED] later learned Kohberger had been back in Pennsylvania for some time and drove back with his father.

I [REDACTED] then told us about some injuries he witnessed on Kohberger's face and hands. I [REDACTED] was unsure of the date but stated he thought he noticed the injuries on two separate occasions in October and November of 2022. I [REDACTED] stated one injury was large scratch on Kohberger's face which I [REDACTED] described as looking like the scratches from fingernails. I [REDACTED] said he also saw wounds to Kohberger's knuckles on two separate occasions. When I [REDACTED] asked Kohberger about what happened to him, Kohberger replied he had been in a car accident. I [REDACTED] also stated Kohberger was frequently twenty minutes late to their classes. I asked I [REDACTED] what he and Kohberger would talk about. I [REDACTED] said Kohberger liked to discuss his area of study which was criminal decision making and burglary type crimes.

SA Hille and I advised I [REDACTED] to reach out if he wished to add anything to what he told us and concluded our interview.

H [REDACTED] R [REDACTED] tip follow up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Tuesday, October 24, 2023 I received a tip from TS T [REDACTED] which needed to be followed up on (tip #7280). The tip was originally captured in the FBI's VCC system. The tip stated A [REDACTED] I [REDACTED] thought her friend, H [REDACTED] R [REDACTED], drove a white Hyundai Elantra and was around 1122 King Road the night of the homicides. SA Shirley spoke to R [REDACTED] in December, but there were no details in VCC as to what he found out.

I called R [REDACTED] on Tuesday, October 24, 2023. R [REDACTED] confirmed she spoke to SA Shirley in December. I asked R [REDACTED] what kind of car she drove. R [REDACTED] said she drove a 2014 white Ford Focus. I confirmed this by running R [REDACTED] license plate through the Idaho DMV which showed a white 2014 Ford Focus. I asked R [REDACTED] if she had been driving near King Road the night of the homicides. R [REDACTED] said she was not and said her car was parked on the street near her sorority at [REDACTED] [REDACTED] Street in Moscow. R [REDACTED] said she saw Kernodle briefly at a frat the night prior to the homicides but otherwise had nothing else to talk about.

I thanked R [REDACTED] for her time and ended our conversation. I did not record our conversation.

Additional Video Downloads

Case# 22-M09903
Date: 10/25/2023

On October 17, 2023, I received an email from the Latah County Prosecutor's Office in reference to downloading additional video from the security camera seized from the residence located at [REDACTED] King Road in Moscow, Idaho.

Previously video had been downloaded from the camera for the approximately time frame of 0230 to 0430 hours on November 13, 2022. These videos were downloaded and contained audio. Through different methods using forensically acquired data from the camera's SDcard, additional videos were downloaded, however, they did not include the audio.

I was requested to download videos, to include audio, from the approximate time frames of 0445 to 1200 hours on November 13, 2022. Due to the fact the camera light bulb connection was inadvertently broken previously, a repair to the device to allow it to be powered on was needed. In the email received on October 17, 2023, Defense Counsel Anne Taylor provided approval of the repair. Prior approval was provided by the Latah County Prosecutor's Office.

I was able to request and receive the camera and wireless router from evidence. I was successful in replacing the light-bulb threaded connection with a standard wall-plug to power the device. The device powered up and I was able to download videos from 0445 hours to 1205 hours from the device. Upon reviewing the videos, they appeared to contain audio.

The videos were saved to a forensic computer located in the secure Moscow Police Department. These videos were concatenated using Axon Investigate (formerly called Input-Ace) version# 3.2.0. These files were placed onto Blu-Ray disks and placed into evidence. I returned the camera and router to evidence after resealing their respective containers.

Soil Provenance Report-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

File attached to Spillman case file

3. Narrative

On Friday, March 1, 2024 I received an email from FBI Geologist I [REDACTED] S [REDACTED] containing the report completed reference the soil found on the shovel recovered from Kohberger's white Elantra. I attached the PDF of this report to the Spillman case file.

The summary of the report is as follows. The soil on the shovel is consistent with spoil found in the Moscow area based off of S [REDACTED] analysis. The report also stated the soil was likely not from anywhere east of Moscow. This finding also excluded Pennsylvania as a likely source for the soil.

The report stated the soil from the shovel displayed characteristics of soil carried to the area via a water source. Though this could have been recent or any point in the areas geologic history.

During conversation with S [REDACTED], he stated the exact area the sample came from would likely not be attainable due to the prominence of the mineral compounds from the sample that are found throughout the Moscow area.

See attached report for further details.

Report of Potentail Juror Survey-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Friday, March 8, 2024, I received an email from PA Thompson reference the receipt of a phone survey. The recipient, N [REDACTED] B [REDACTED], stated someone called her and began to ask questions about the Kohberger trial to include questions about how B [REDACTED] felt about the case. See below for B [REDACTED] information provided via emailed Word document:

"Phone number #1 [REDACTED], lasted 18 minutes.

Stated they were a company performing a survey among the community in relation to the Brian Kohberger case. They verified if I was a Latah County resident and which city I considered myself a resident.

Here is a small list of the questions that I can remember. These questions are not verbatim but of the general sense of what I can remember being asked.

1. Have I read, listened to, or seen any news reels regarding Brian Kohberger and/or the families of the victims?

2. Have I read, listened to, or seen any television or movie documentaries regarding Brian Kohberger and/or the families of the victims?

3. Were you aware of any television, movies or documentaries concerning Brian Kohberger on sources like Netflix?

4. What sources have you listened to, read or seen as a source of information?

5. Can you name the specific newspapers, news stations, or source of information that you received your knowledge of the case?
6. Have I heard or participated in any rumors surrounding Brian Kohberger, the victims or their families? (I responded "no" but that I've heard rumors regarding law enforcement involved in the case).
7. In a general statement, how would you describe how the community has been affected by the murders?
8. Has the murders caused anyone you know or yourself any excess stress?
9. Do you feel the community has felt an excess of stress since the murders?
10. Do you know a student that attends University of Idaho?
11. Do you know or are related to law enforcement and/or anyone directly involved with the case?
12. In a general statement, do you feel Brian Kohberger could receive a fair trial?
13. Do you think if you were asked to serve on a jury would you be able to serve fairly weighing the evidence and the case presented?
14. Have you ever driven past the residence in which the murders were committed?
15. Did you ever read, watch or listen to any reports of Brian Kohberger's arrest in Pennsylvania?
16. How would you describe how closely you've been following the Brian Kohberger case?

I can't remember much more but I felt the questions were sometimes redundant just changing some words here and there and they were focused on my personal opinion and my opinion of the community surrounding BOTH the victims, their families and Brian Kohberger. There were several questions regarding if I felt Kohberger could get a fair trial and if I felt I could impartially or fairly sit on a jury. The questions were just worded differently but that was the general sense they were trying to feel out from me in my responses."

XXX End of Word Document XXX

On Monday, March 11, 2024 I received another report from PA Thompson stating J [REDACTED] M [REDACTED] received a similar phone call. I called Mrs. M [REDACTED] and learned the following. The business that called M [REDACTED] went by the name Research Strategies Inc.. The company's website, <https://researchstrategiesinc.com>, states they conduct various types of surveys to include public opinion surveys and post-trial jury analysis. The phone number provided to Ms. M [REDACTED] shows up on the Better Business Bureau website for the same company out of Alabama. I checked TLO and found the number used to be associated with a woman in Alabama who passed away 2011 which further lends to it being the correct number, just reassigned to this business.

I spoke to Mrs. M [REDACTED] who stated she received the call appx. 4:51 pm on 3/10/24. The first question she was asked was if she was a Latah County resident. There were several questions that followed which asked generic questions about trials and the criminal justice system. Then she stated the woman asked her specifically if she was aware of the Kohberger trial. Mrs. M [REDACTED] stated she refused to answer, asked the woman who she worked for (Research Strategies, with the number provided), who was paying for the survey, and asked for her supervisor. The woman gave her the company's number and stated she was unaware of who was responsible for the survey. Mrs. M [REDACTED] also stated the number the woman called from was [REDACTED]. This number is not found in TLO and is likely a Google voice type number not associated with a person. This is also the number that called B [REDACTED].

Mrs. M [REDACTED] stated she posted to her Facebook page asking if anyone else had received similar calls. She stated several people in the Potlatch area had received calls from the same number that called her but most were not answered. I asked her to keep me posted if she became aware of any further information.

My conclusions are this is a legitimate survey requested via this company. Open source searches suggest a study like this would cost into the tens of thousands of dollars. I called the number provide for Research Strategies Inc. and was directed to leave a message. The recording also stated I had reached Research Strategies Inc.

Post Review of BWC and Details: M140

1. WatchGuard Event: YES

Additional Responding Officers: See original DR

Case number added to WG: YES

2. Evidence

NONE

3. Narrative

On 03/12/24, I received an email from Detective Cpl. Payne asking for a review and detail of my BWC regarding this case and my involvement. Due to my minimal involvement and lack of discovered information, I had not completed a supplement at the time.

On 11/13/22, at approximately 1420 hours, I responded to 1122 King Rd to assist with canvassing the immediate area and I was tasked with conducting door to door contact in the [REDACTED] Queen Rd. area. I was informed that a likely time of the incident was between approximately 0400 and 0445. I was advised that other officers had already covered the south facing apartments of Queen Rd and I began going door to door on the center and north facing portions of the apartment complex with Cpt. Lanier. I spoke with several tenants who stated they did not hear anything strange and their only attention to 1122 King Rd. was brought upon by the increased police presence through the day. I did not identify the tenants I spoke to who stated they had not been awake or alerted to any unusual sounds, people or events. Of the tenants I spoke with and did not identify, all gave a similar account of standard party activity and nothing out of the ordinary for a typical Saturday night/Sunday morning.

While Cpt. Lanier and I were conducting door to door canvassing, our attention was drawn to dark red colored drops and splotches on several portions of the walkway of the building (particularly on the upper level near apt [REDACTED] and after further inspection, I could see that this same colored substance appeared to be rust which ran down the walls and was on several door jams as well as the siding throughout the apartment complex. I checked the walkway back from the area and

did not see any other drops or splotches indicating a blood trail leading toward 1122 King Rd. There was no answer at apartment [REDACTED]. Based on those observations, I determined the drops and splotches to be uninvolved or unrelated.

I spoke with the tenants in apartment [REDACTED] who stated they went to bed around 0100 hours and music was present at 1122 King Rd. during that time, which they stated was "pretty much every weekend". Both tenants said they woke up around 0930 hours and there were no strange or alarming sounds. Due to having no information aside from standard weekend behavior from 1122 King Rd, I did not identify the two contacts.

I spoke with the tenants in apartment [REDACTED] identified as J [REDACTED] G [REDACTED] ([REDACTED]/2000) and I [REDACTED] B [REDACTED] [REDACTED]/03). The two stated they were at a birthday party on Blake St. (approximately 1.5 blocks away) and got to bed in the early morning hours, estimated to be approximately 0400 hours. I asked which way they walked back from the party and B [REDACTED] described them as walking back, west on Taylor Ave, then cutting up a stair path just west of [REDACTED] Taylor Ave. (the stairs travel from the parking lot of [REDACTED] Taylor Ave. up to Queen Rd, facing straight at the gravel parking lot of 1122 King Rd.). Both B [REDACTED] and G [REDACTED] stated they did not see anyone outside or pass anyone as they were walking. I asked if there was still a party or music going on at 1122 King Rd. when they walked by and they stated there was. Nothing seemed out of the ordinary and they did not hear anything that alarmed them in any way.

I spoke with the female tenant of apartment [REDACTED] who stated she works a "red eye" and she got home at 0630 hours and had left for work at 2145 hours on 11/12/22. She stated that there was activity, people coming and going from 1122 King Rd at that time but there was no one walking around at 0630 when she returned home.

After conducting the canvas through my assigned area, I cleared the scene. At no time during my involvement in the area did I cross into the designated crime scene.

Several days later, I passed on my notes to the ISP investigations team assigned with a the more thorough canvass of the area, highlighting the address and names of B [REDACTED] and G [REDACTED] who stated they were on foot in the area near the approximate time of the incident, which seemed to be the only substantial contact from my canvas.

16. How would you describe how closely you've been following the Brian Kohberger case?

I can't remember much more but I felt the questions were sometimes redundant just changing some words here and there and they were focused on my personal opinion and my opinion of the community surrounding BOTH the victims, their families and Brian Kohberger. There were several questions regarding if I felt Kohberger could get a fair trial and if I felt I could impartially or fairly sit on a jury. The questions were just worded differently but that was the general sense they were trying to feel out from me in my responses."

XXX End of Statement XXX

On Monday, March 11, I received an email from PA Thompson advising another Latah County resident had received the same call. I began to investigate the origin of these calls and discovered the following. The business appeared to be a legitimate survey company out of Alabama called Research Strategies Inc. Their website, <https://researchstrategiesinc.com/>, stated the company specialized in public opinion surveys and post-trial jury analysis among many other types of phone surveys. The phone number used to call Ms. M [REDACTED] shows on the Better Business Bureau website for the same company out of Alabama. I checked TLO and found the number used to be associated with a woman in Alabama who passed away in 2011 which further lends to it being the correct number, just reassigned to this business.

I spoke to Mrs. M [REDACTED] on Monday, 3/11, and she stated she received the call at approximately 4:51 pm the day prior. The first question she was asked was if she was a Latah County resident. There were several questions that followed which asked generic questions about trials and the criminal justice system. Then she stated the woman asked her specifically if she was aware of the Kohberger trial. Mrs. M [REDACTED] stated she refused to answer, asked the woman who she worked for (Research Strategies, with the number provided), who was paying for the survey, and asked for her supervisor. The woman gave her the company's number and stated she was unaware of who was responsible for the survey. Mrs. M [REDACTED] also stated the number the woman called from was [REDACTED]. This number is not found in TLO and is likely a Google voice type number not associated with a person. Mrs. M [REDACTED] stated she posted to her Facebook page asking if anyone else had received similar calls. She stated several people in the Potlatch area had received calls from the same number that called her but most were not answered. I asked her to keep me posted if she became aware of any further information. I later learned six people on her Facebook post from the Potlatch area had received a call from the same number. Additionally, Mrs. M [REDACTED] stated the call

made her very uncomfortable and she did not think it was right for people to be calling and asking such questions.

I later learned of two additional people in the Moscow Police Department and Latah County Prosecutor's Office who received the call and confirmed the same questions were asked. On Thursday, March 14, 2024 I also received a phone call. The caller ID showed as "Political Call". I answered the phone call and listened to the questions. I've attached the call to this case and a transcript of the conversation is as follows (note the recording started approximately 15 seconds after the beginning of the call):

Payne: Uh, [REDACTED]. Okay,

Caller: and we got the serrancia, hispanic Latino or spanish region.

Payne: No.

Caller: Yeah, race please?

Payne: Uh, [REDACTED]

Caller: Okay. Before we get started, I'd like you to know that there are no right or wrong answers. You're always free to respond, I don't know or no opinion.

Caller: Answer to any question and all of your answers remain confidential. So, i'm going to start with three statements about the criminal justice system, and then we'll get to the case itself. And for each one of these, please tell me whether you Agree. Strongly agree. Somewhat disagree or disagree strongly.

So here's the first one. If the government brings someone to trial that person is probably guilty. Payne: No opinion.

Caller: Okay. And the next one is it is better for societies to let some guilty people go free than to risk convicting an innocent person.

Payne: No opinion.

Caller: Okay, and then the last one is even the worst criminal should be considered for mercy.

Payne: No opinion.

Caller: Okay. And now I'm going to ask you about an upcoming jury trial in your community. Back in 2022 four students attending the University of Idaho and Moscow were stabbed to death in their home. About a month later. Brian Kohberger was arrested and charged with murder. So, have you rent seen or heard anything about this case?

Payne: So, I'm about to stop you right there. I actually work for the city of Moscow Police Department. So i can't answer any more of your questions. I would like to know who is requesting you guys conduct this survey?

Caller: Okay, well we're actually never told to hires us to do the survey. Now I do have a toll-free number. If you'd like to call her front office to see if you can get more information about the survey. From our supervisors.

Payne: I've tried to call them but I'll take the number down anyways.

Caller: Oh okay, yes sir. And again just because you work for the police department doesn't automatically disqualify you from doing this survey if you're still interested doing it.

Payne: Uh no I'm not.

Caller: Oh, okay. All right, that doesn't give you the answer. But yeah, our toll-free number is 1- [REDACTED]. And we're research strategies. And then I can also give you our website if you want.

Payne: I already found it actually, believe it or not.

Caller: Oh okay. The research strategy inc.com?

Payne: Yep.

Caller: Okay, yes. All right, well, I'm sorry it didn't work out but hopefully

like i said, if you call we're on Central Time. So I believe we're two hours ahead of you Um, but if we call during business hours central time, then, I hopefully, without to give you more information about, you know, but what the case has been used for and so forth.

Payne: Okay can i ask you how many people you guys have been requested to call like how widespread this survey is?

Caller: That I unfortunately don't know. Um we're kind of told everything on that need to know basis here in the cubical. So yeah i got you don't know how many even we're supposed to get as far as like complete surveys and everything.

Payne: How many have you called alone? Do you have any idea about that number?

Caller: Yeah, I don't really have a number and I can say we've been working on this for two weeks now and you know, we're just like three and a half hours a night for two weeks, so You know, just not everybody wants to do the survey of course, but Right? I get people who don't live in the county, too. That's a whole other thing, right?

Payne: Certainly yep.

Caller: Okay, well uh, appreciate your time sir.

Payne: Yeah, i don't mean to be rude to you, or anything, just wanted to uh, be up front with the, I can't answer any questions or anything and I wouldn't prefer to do that if I could.

Caller: So, Um, oh okay. That's fine. I understand where you're coming from and you know it, unfortunately, you know, I wish I could answer some of your questions but I think I said, I'm operating on very limited information as far as how that information.

Payne: Yeah, totally. Totally get it. Yep, well, I appreciate it, sir. Thanks for giving me what information you could and I'll reach out to that number. See if i can get some more info.

Caller: Okay, great. All right. Well again, hope you have a good night and it was nice talking to you.

Payne: Hey you too, take care.

XXX End of Transcript XXX

I attempted to call the number provided and was greeted by a telephone prompt. I was unable to connect with anyone in order to ascertain any further details from the company. It would appear the survey is relatively widespread, asks the same questions, and originates with Research Strategies Inc. I will add additional reports as they are received.

K [REDACTED] C [REDACTED] and S [REDACTED] S [REDACTED] Tip Follow Up- #157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Wednesday, March 13, 2024 I received an email from Cpt. Blaker who still receives voicemail tips reference this case. Cpt. Blaker sent me two tips for additional follow up. The first tip was called in by K [REDACTED] C [REDACTED]. C [REDACTED] stated she thought she had matched with Kohberger in September or October of 2022 on Tinder.

I called C [REDACTED] and asked her to elaborate on her voicemail. C [REDACTED] stated she signed up for Tinder in September or October of 2022, but she was unable to match with anyone in her area. C [REDACTED] stated she paid for the additional Tinder feature which allowed her to move a pin anywhere in the country to see if she could match with someone. C [REDACTED] stated she matched with Kohberger a short time later and began to talk to him. C [REDACTED] said Kohberger told her he was a criminology student at WSU. The two communicated via Tinder and planned for Kohberger to visit C [REDACTED] when he came home for Christmas break that year.

C [REDACTED] then told me she had a friend who had been murdered in her town a couple of years prior. She said she discussed this with Kohberger. The conversation turned to horror movies and which ones C [REDACTED] liked the most. C [REDACTED] told Kohberger she liked the Rob Zombie Halloween movies. To this, C [REDACTED] said Kohberger asked what she thought would be the worst way to die. C [REDACTED] said she thought it would be a knife. C [REDACTED] said Kohberger then asked her something to the effect of "like a Ka Bar?" C [REDACTED] said she didn't know what that was and had to Google it. C [REDACTED] said she eventually stopped talking to Kohberger because his questions made her uncomfortable.

C [REDACTED] said when Kohberger was arrested she recognized his photo and remembered the comment about the Ka Bar knife. C [REDACTED] said she attempted to call the tip line, but I have been unable to verify whether or not C [REDACTED] called the MPD tip line. There is no record of C [REDACTED] calling the FBI tip line. C [REDACTED] said she no longer had access to her Tinder profile and could not get her user ID. This would be needed to compare the Tinder records located on Kohberger's phone. At this time, there is nothing to corroborate C [REDACTED] tip.

The second tip was reference a [REDACTED] driver, S [REDACTED] S [REDACTED], who thought he saw Kohberger. I called S [REDACTED] and asked him to tell me what he saw. S [REDACTED] said he delivers packages to the area of Pullman where Kohberger resided during 2022. S [REDACTED] said he recognized Kohberger and had seen him while delivering packages to the area on prior occasions. S [REDACTED] told me on the occasion he referenced in his tip, he noticed a man dressed in all black, with "boxing or elf shoes" standing on a footpath behind [REDACTED] Terre View Drive. This footpath provided an unobstructed view of apartment [REDACTED] where S [REDACTED] said the female tenants would be visible through a large window. S [REDACTED] said seeing the man, who he said looked like Kohberger from what he could see, was unusual given the location. S [REDACTED] said he was not positive the man was Kohberger but he resembled Kohberger's appearance.

S [REDACTED] told me he spoke to an FBI investigator early on but wanted to make sure the information was passed on. I concluded my phone interview with S [REDACTED] and thanked him.

Neither of the two conversations above were recorded.

3. Narrative

On 11/12/2022, at 1853 hours, there is a 4RE vehicle video saved under my name and badge number. The video depicts a patrol car transporting two Moscow Police cadets to the Kibbie Dome. Some time later, the vehicle returned to the Police Department. I do not know who was actually driving the vehicle, but it was not me.

On 11/13/2022, at 2051 hours, I responded to 1122 King Road. I was asked to maintain a written scene access log. [REDACTED] arrived on scene. Two of the victims were prepared for transport. Captain Lanier advised he wanted a marked patrol unit to escort [REDACTED] to the funeral home.

Officer Morris arrived on scene and relieved me at the door. I handed Officer Morris the scene access log. I escorted [REDACTED] to the funeral home. I stopped the recording on my BWC while driving at approximately 2130 hours.

I reactivated my BWC at 2137 hours at [REDACTED]. I remained at [REDACTED] as the two victims were offloaded. I deactivated my BWC at approximately 2145 hours.

I cleared the scene.

Defense Counsel Items from Supp. Discovery Request 12-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

Files attached to Spillman

3. Narrative

On Tuesday, March 19, 2024, I received an email from CPT. Blaker containing two attachments. The first attachment was titled "Vehicle List". This document contained all information on MPD's fleet of vehicles to include non-patrol and unmarked vehicles. The second attachment, "MPD Schedule 11.12 to 11.13.22". This document contained the entire shift schedule for MPD officers from those dates. These two documents were provided in response to defense counsel request. I attached both files to the Spillman case file.

Later on 3/19/22 I received an email from Whitcom Director W [REDACTED] B [REDACTED] with four attachments. The attachments were as follows:
"MPD-Calls-11-12-to-11-13-22.txt", "MPD-Radiolog-11-12-22-to-11-13-22.xlsx",
"IM-Payne-by-Conversation.pdf", and "IM-Payne-by-Thread.pdf".
These documents contain additional information requested by defense counsel. I attached them to the Spillman case file.

Entry control - #176

1. WatchGuard Event: V300
Additional Responding Officers: N/A.
Case number added to WG: Yes.

2. Evidence
N/A.

3. Narrative

On 11/13/2022, at about 1741 hours I arrived on scene at 1122 King Road and stood at the front door performing entry control. During this time I kept a log book of everyone coming and going from the scene. No unauthorized personnel had entered the scene. I passed off entry control to Ofc. Waters at about 2046 hours and I cleared the scene.

K [REDACTED] C [REDACTED] Tinder (No Records)-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On April 2, 2024, Det. Mowery sent a preservation request to Tinder for any records related to K [REDACTED] C [REDACTED] as reported by C [REDACTED] in her tip. Later on April 2, 2024, Det. Mowery sent me an email including the response from Tinder which stated there were no records associated with any of the identifiers C [REDACTED] provided.

At this time, there is no indication records to support C [REDACTED] tip exist in Tinder's records. If further information or new identifiers are found, I will request a search warrant for the Tinder accounts.

FBI Lead 249, R [REDACTED] V [REDACTED], Follow Up-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

None

3. Narrative

On March 6, 2024, I conducted follow up on a tip from the FBI database. The tip stated a male, R [REDACTED] V [REDACTED], had posted in a hiking group on Facebook that he found a Ka Bar knife with the sheath while hiking in the Cascade Mountains. Investigation into this area of the country did not yield a link to any known travel path of Kohberger for the timeline in question. In addition, the knife was found with a sheath.

I attempted to get in contact with V [REDACTED] using the numbers provided by the FBI tip as well as TLO. None of the numbers were viable and I was unable to contact V [REDACTED]. This tip is closed as of this report.

E█████ A█████ Interview-#157

1. WatchGuard Event: NA

Additional Responding Officers: NA

Case number added to WG: NA

2. Evidence

NA

3. Narrative

On Thursday, April 11, 2024, I contacted E█████ A█████ by phone reference a tip in the FBI system. The tip stated a friend of A█████ may have photos of the victims in this case from the night prior to the homicides. I spoke to A█████ on the phone. I did not record my conversation, and this is a summary of my interview with A█████.

I asked A█████ to tell me what he remembered from the night before the homicides. A█████ told me he saw the victims at "The Whites" party that had been previously mentioned in this case. A█████ told me he saw Chapin and Kernodle at approximately 2000 hours before they went home. I asked A█████ if he had taken any photos. A█████ told me he did not but he remembered E█████ V█████, an ██████ sorority member, was there and taking pictures. A█████ told me he thought she might have photos that would show the victims. I asked A█████ if there was anything else he could remember from that night and he said there was not. I thanked him for his time and concluded my conversation with A█████.

I attempted to call V█████, but was only able to leave a voicemail. A short time later, V█████ left me a return voicemail stating she was out of the area and would call me back when she was available. I will interview V█████ upon her return as well as add any photos she may have to this case.
